Graduate and Professional Student Assembly

APPENDIX A: THE GPSA BYLINE ALLOCATION PROCEDURES

Adopted April 23, 2012; Amended April 28, 2025

I. Criteria for Setting and Allocating the Student Activity Fee and Delegation of Authority

A. Pursuant to a letter dated March 1, 1999, the President of the University has delegated responsibility for the setting and allocation of the Student Activity Fee to the Student Assembly (SA) and the Graduate & Professional Student Assembly (GPSA) within the following guidelines:

1. The SA and the GPSA shall each amend their respective charters to include the criteria for the setting and allocation of the Student Activity Fee, including the guidelines set forth herein and which criteria shall be reviewed by and meet the approval of the President of the University.
2. The Student Activity Fee for undergraduate students and for graduate and professional students shall be set every two years for a period of two years by the SA and the GPSA, respectively.
3. The amount of the Student Activity Fee shall be determined by the last day of classes in the fall semester of the fee-setting year by the SA and the GPSA, after substantive input and active participation in the fee-setting process by their constituencies. In the event the SA or the GPSA is unable to meet this deadline, the applicable Student Activity Fee will default to the amount and allocation currently in effect during the fee-setting year.
4. In general, in order to be considered for funding from the monies collected through the Student Activity Fee, an organization must meet the following criteria: Register as a student or university organization with the Student Activities Office.
 - a) Register as a student or university organization with the Student Activities Office
 - b) Allow students equal access to the services being provided by the organization or participation in the organization's activities
 - c) Operate primarily for students by students with funds disbursed through a university operating account

Graduate and Professional Student Assembly

- d) Have an advisor to assist with oversight of the university operating account.
- e) Funding from the monies collected through the Student Activities Fee may be provided directly to an organization, which applies for and receives “byline” funding status, outside of the established Student Assembly Finance Commission or Graduate and Professional Student Assembly Finance Commission processes. In addition to the general criteria set out above, an organization wishing to receive by-line funding must demonstrate:
 - (1) Its activities are of direct and primary benefit to the entire Cornell community represented by the respective assembly; and
 - (2) It has a demonstrated budgetary need equivalent to at least 50 cents per student per year.
- 5. The SA and the GPSA may also elect to provide by-line funding for other programs and services, that are not registered organizations (e.g., Students Helping Students, club insurance) but whose organizational structure and programs and services are consistent with the criteria outlined above for by-line funded organizations. Such funding would require the approval of the respective assembly and the President of the University.
- 6. The SA and the GPSA will ensure that an appropriate balance is maintained between funds allocated to by-line funded organizations and the Student Assembly Finance Commission or Graduate and Professional Student Assembly Finance Commission, respectively. The SA and GPSA shall allocate no less than 35% of their respective Student Activity Fees to the applicable Finance Commission for disbursement among non-by-line funded organizations.
- 7. Neither a check-off option nor an option to pay an amount in addition to the established Student Activity Fee for specific programs or services will be allowed for purposes of exempting a student from paying the amount of the Student Activity Fee, due to the funding instability inherent in administering such a system. Exceptions may be considered if recommended and approved by the respective assembly and approved by the President of the University.
- 8. These guidelines and the procedures established in accordance therewith shall be reviewed by the SA and the GPSA and a representative of the

Graduate and Professional Student Assembly

President of the University at least every four years in a non-fee-setting year.

II. Oversight and Administration

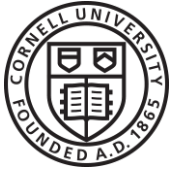

A. The Graduate and Professional Student Assembly (GPSA) Executive Committee and Appropriations Committee shall jointly coordinate the byline funding allocation process.

III. Voting

- A. Following votes on individual organizations, a comprehensive GPSAF resolution is submitted to the Assembly.
- B. The GPSAF allocation requires a two-thirds vote of the seated voting members for passage.

IV. Implementation

- A. After the GPSAF allocation is approved, it will automatically be rounded up to the nearest whole number. The difference between the GPSAF and the new, rounded figure will be allocated to GPSAFC.
- B. To maintain compliance with the minimum GPSAFC allocation (35%), funding may be incrementally increased until the requirement is satisfied.
- C. No byline funded group, except the GPSAFC, through adjustments to meet 35%, can ever receive a higher amount of funding than requested in the final application for byline funding.
- D. Once funded during any GPSAF funding cycle, a byline funded organization is obliged to follow the guidelines for byline funded organizations, as prescribed in the Eligibility Criteria and Obligations for Byline Funded Organizations.
