Resolution 3: Amending the Employee Assembly Charter and By-Laws to Expand Engagement Options

Abstract: This resolution underscores the importance of expanding the composition of the Employee Assembly to include designated seats for hybrid and remote employees. As hybrid and remote work becomes an increasingly integral component of the university's operational model, it is essential that the unique perspectives, needs, and experiences of remote employees are adequately represented within the shared governance structure. The inclusion of hybrid and remote employees ensures a more comprehensive and equitable representation of the university workforce in the deliberations and decisions of the Employee Assembly.

Whereas, the Employee Assembly serves as the official shared governance body responsible for representing and advocating on matters that directly impact the staff community at Cornell University; and

Whereas, the staff community comprises non-academic employees working across multiple colleges, schools, and administrative units of the university, including those in hybrid and fully remote roles whose experiences and contributions are integral to the institution's operations and culture; and

Whereas, the University's workforce, particularly the growing number of staff serving in hybrid and fully remote capacities, whose distinct perspectives and needs warrant formal representation; and

Whereas, the creation of voting member seats to represent staff currently not encompassed by the Employee Assembly Charter—specifically those in hybrid and remote roles—directly supports Article II, *Object*, which states: "The Assembly will actively seek to involve all segments of Cornell's diverse employee population in the Assembly's decision-making activities"; and

Whereas, the Employee Assembly recognizes the importance of fostering broad staff engagement and affirms its commitment to inclusive representation, ensuring that all staff—

31 regardless of departmental affiliation, unit restructuring, or work modality—have a voice in
32 shared governance as the University continues to evolve; and

33 **Whereas**, the Welfare Committee plays a vital role in addressing staff concerns related to
34 workplace well-being, equity, and professional support, and the sustained involvement of
35 experienced ex-officio members contributes valuable institutional knowledge and continuity to
36 its efforts; and

37 **Whereas**, ex-officio members bring subject-matter expertise, historical context, and cross-
38 campus perspectives that enhance the effectiveness and efficiency of the Welfare Committee's
39 initiatives, particularly as the committee advances complex, long-term projects on behalf of the
40 Employee Assembly; and

41 **Whereas**, maintaining the engagement of ex-officio members fosters collaborative momentum,
42 strengthens shared governance, and ensures that the Welfare Committee remains well-positioned
43 to build upon prior achievements while proactively responding to emerging staff needs; and

44 **Be it therefore resolved**, that the Employee Assembly shall establish a designated voting seat to
45 represent hybrid staff employees at large, ensuring their unique perspectives and experiences are
46 formally included in the Assembly's deliberations and decision-making processes; and

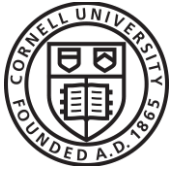

47 **Be it therefore resolved**, that the Employee Assembly shall establish a designated voting seat to
48 represent remote staff employees at large, ensuring their unique perspectives and experiences are
49 formally included in the Assembly's deliberations and decision-making processes;

50 **Be it therefore resolved**, that the Employee Assembly affirms the continued engagement of ex-
51 officio members with the Welfare Committee, recognizing their critical role in advancing the
52 committee's mission and sustaining the momentum of its ongoing initiatives on behalf of the
53 staff community;

54 **Be it therefore resolved**, that the Employee Assembly encourages the Welfare Committee to
55 actively collaborate with ex-officio members as strategic partners, leveraging their institutional
56 knowledge and expertise to strengthen the committee's capacity to address emerging staff
57 welfare concerns and further the goals of shared governance;

58 **Be it further resolved**, that the total number of representatives on the Employee Assembly shall
59 be increased to 37 and that these membership changes go into effect with the Spring 2026
60 elections; and

61 **Be it further resolved**, that §Article III, Section 3.3 of the Employee Assembly By-Laws be
62 amended as follows:
