Resolution 12: Urgent Action for 104West!

Abstract: In light of recent issues at 104West!, this resolution calls on Cornell to rapidly and urgently respond to the persistent issues surrounding kosher food on campus.

Sponsored by: Ezra Galperin '27, Davian Gekman '27

Type of Action: Recommendation

Originally Presented: 10/31/2024

Current Status: Placed on the Consent Calendar, 10/31/2024

Whereas, 104West! is Cornell's sole daily provider of fresh kosher food;

Whereas, all kosher options in dining halls on campus are prepared at 104West!;

Whereas, the food at 104West! is consistently of lower quality than that of other dining halls;

Whereas, on October 25, 2024, several students reported feeling ill after eating Shabbat dinner at 104West!

Whereas, without 104West!, kosher-keeping students are left without any options for food without paying out of pocket;

Be it therefore resolved, that Cornell investigate the cause of the food-poisoning incident without delay;

Be it further resolved, that Cornell explore new suppliers for kosher food on campus;

Be it finally resolved, that Cornell immediately report the findings of the investigation to the Student Assembly, Cornell Hillel, the Center for Jewish Living, and other relevant organizations.

Respectfully Submitted,
