Chief Administrative Officer

Julie Delay
Senior Director of Human Resources
& Campus-Wide Initiatives

February 5, 2020

Dear Employee Assembly:

We are extremely pleased that the Employee Assembly has a resolution to add a Cornell Tech voting-member seat to the Employee Assembly representing staff members whose work location is the Cornell Tech campus in New York City. On behalf of the employees of Cornell Tech, we write to formally request this representation.

Cornell Tech employees have raised interest in EA representation since the earliest days of our campus' creation. After Adam Howell presented information about the EA at a recent All Staff Meeting, employees were very pleased to learn that representation and further engagement was a possibility. Cornell Tech employees believe this is an excellent way to bridge campuses and build on the ideals of One Cornell.

The employees of Cornell Tech appreciate your affirmative vote on this resolution and we look forward to engaging with you on behalf of all Cornell employees.

Please let us know if you have any questions or would like further information.

Sincerely,

A handwritten signature in cursive script that reads "Julie Delay".

Julie Delay
