

1 Resolution 2: Condemning the Dismissal of Julia Feliz
2 from the Cornell Alliance for Science’s Global
3 Leadership Fellowship

4 *Sponsored by:* Arielle Johnson

5 **Whereas**, on October 15th, Julia Feliz was dismissed from the Cornell Alliance for Science Program
6 for “utiliz[ing] the classroom environment to discuss [their] dissatisfaction with the program”.

7
8 **Whereas**, many details of the case are still unknown. However, given the published information, we
9 feel that the Alliance for Science’s administrative team mishandled the situation. It is extremely
10 concerning that the stated reason for Feliz’s dismissal is their activism. Feliz’s allegation that Alliance
11 for Science administrators threatened to take away fellows’ visas if they missed classes, if true, is also
12 disturbing.

13
14 **Whereas**, as graduate and professional students who often have little power in advising
15 relationships, we empathize with the precarity of Julia’s situation. It often seems difficult to speak
16 up about concerns in our own programs—mental health issues, sexual harassment, racism, and other
17 issues—when our supervisors control the futures of our careers.

18
19 **Whereas**, Cornell undergraduates, graduate and professional students, postdocs and fellows should
20 be free to critique their programs without fear of retaliation.

21
22 **Be it resolved**, the Cornell Graduate and Professional Student Assembly votes to condemn the
23 dismissal of Julia Feliz from the Cornell Alliance for Science Program.

25 Respectfully Submitted,
