

Cornell University Student Assembly

Organization	Orientation Steering Committee
2018 – 2020 Allocation	\$10.40
2020 – 2022 Request	\$10.40
Appropriations Committee Recommendation	\$10.40

Rationale of the Committee

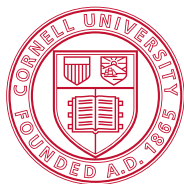

The Committee wants to start off by thanking the OSC for all the work they do for every new student that come onto Cornell's campus. The Committee felt as though the OSC has done great in using their money to provide a comprehensive orientation program. We have seen an improvement in conserving funds since the last byline cycle and encourage the OSC to use any leftover money they may have from previous years to buy more durable goods that could save them money over the next couple byline cycles. In the future, The Committee would like for the dollar amount that the OSC is requesting be clearer in the application.

We are comfortable to fund OSC at the amount they are currently at and hope that in the future they will be able to provide as many robust programs as possible without having to cut down on costs for food or other items that make these events as enjoyable as possible for everyone involved. Again, the committee is very pleased with the OSC and looks forward to the work they will do in the future.
