S.A. Resolution #37

Improving Communication and Access to the Student Body

ABSTRACT: This resolution amends the Student Assembly Charter to improve communication and access to the student body via control over the student body listserv.

Sponsored by: Varun Devatha '19, Dale Barbaria '19, Jaewon Sim '21

Whereas, Article III, Section 5 of the Student Assembly Bylaws refers to a “Student Assembly newsletter...to be sent over email to the entire undergraduate student body *at least* two times / semester,” but does not specify how often the newsletter may or should be sent out,

Whereas, the Student Assembly has discussed whether or not it has the right to send undergraduate-wide emails with the Office of Assemblies multiple times, and the Office of Assemblies has been unable to clarify whether there is a limit on the number of emails the Student Assembly may send,

Whereas, the Student Assembly has the need to regularly update and obtain information from the student body in regards to the undergraduate student experience,

Whereas, the Student Assembly believes there needs to be a clear provision in the Student Assembly Charter concerning mass emails,

Be it therefore resolved, the following section be added to the Student Assembly Charter after Article IV, Section 5, Section E as Section F:

C. The Student Assembly Executive Board may send up to three emails a month to the undergraduate student body at large.

Respectfully Submitted,

Varun Devatha '19
Executive Vice President, Student Assembly

Dale Barbaria '19
Vice President for Internal Operations, Student Assembly

Jaewon Sim '21
