

Resolution 9: GPSA Funding Request for the Big Red Barn

Abstract: With such a large amount of funding in the GPSA reserve fund and the 2022-2023 operating budget, giving back to the larger graduate and professional student community would be a great use of some of these funds. With the Big Red Barn serving as the graduate and professional student community center, funding initiatives at the Big Red Barn would provide us with the opportunity for the funding to reach the largest number of graduate and professional students.

Whereas, to give funds to the GPSA for these initiatives a resolution must be passed outlining the funding request.

Be it finally resolved, that the GPSA reserve fund disperse funding for these Big Red Barn initiatives:

Item	Estimated Cost
Picnic Tables	\$12,400
Lawn Games	\$300
Charging Stations	\$600
Solar Umbrellas	\$1,200
Planters	\$1,400
Coffee	\$700
TOTAL	\$19,000

Respectfully Submitted, Kate President, Michelle Vice President of Communications, David Axel Browne, Josh Washington, and Tristan Baker
