Tony:

make people aware of leadership positions

organize all residential life positions

Erinn:

contact Solar Davis (RA applications)

contact Dennis Perkins

Does anybody want to join this project?

Sacha?

Sacha:

ok

Erinn:

get more people on the team

you have two weeks to decide how you want to proceed, which administrators to ask

anyone have any advice?

Hope:

I think that the two of the are supervisors

Erinn:

cc me on any email that you send to administrators

Trisha:

RSC has a strong relationship with residential and new student program a

regularly have e board meetings with them

four committees, programming and advocacy are the best to work with RLC

we don't do a lot of stuff now west, but we do a lot of stuff on North

the reason North Campus has hand soap is because of RSC  
survey on the health fee, and why students were not pleased with the health fee

Erinn:  
where can RSC help?

Trisha:  
most of them, but particularly useful for air conditioning  
e-board meetings are on Friday  
g-body meetings are Monday

Erinn:  
some of these people need help

Hope:  
we can collaborate on these issues already

Erinn:  
off campus should be included too  
there is no website for this  
we can cooperate with the tech committee on this
