65 President of the University and the student population. The report will include a summary of the SA’s work  
66 during the preceding year and, in addition, describe any unresolved issues that are expected to arise in the  
67 future. All members of the Cornell community will have access to this report. The report must be approved  
68 by either a majority vote of the members present at the final meeting of the spring term or by a majority vote  
69 of the voting membership of the Student Assembly electronically prior to being presented to the University  
70 President.

### 71 **Section 4: Objection to Actions**

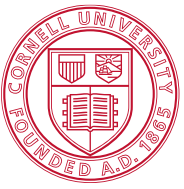

- 72 A. Objection of SA Actions by Another Assembly – Should another Assembly object to an action of the SA, at  
73 its next business meeting, the SA will review the objection and either modify the original position to account

75 objecting body(ies) within five working days of reviewing the objection.
- 76 B. Objection by SA of another Assemblies Actions – If the SA determines by a two-thirds vote that the action

- 80 A. The Provost will consult with the SA in the formulation of the University Calendar. The SA may review and  
81 ask for reconsideration of the calendar before it becomes final. In addition, the SA may propose changes in  
82 the calendar to the Provost.
- 83 B. The Provost shall make the calendar available for comment at least thirty days before public announcement  
84 of the final calendar.

### 85 **Section 6: Presidential Information**

86 The SA may request and obtain specific information from the President of the University regarding any subject which  
87 it deems of general student concern. If such a request is made, and said information is not furnished, the University  
88 President will report to the SA the reasons why said information cannot be furnished within two regularly scheduled  
89 SA meetings following the denial of the request. The SA will not request information falling into the following  
90 categories: salary or wage records of specific individuals, academic or financial records of specific individuals, medical  
91 or categorical (race, sex, age, etc.) records of specific individuals and information otherwise defined as confidential or  
92 restricted by law.

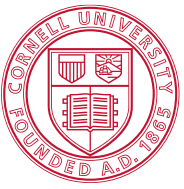

93 **Section 7: President’s Report**

94 The President of the University or his/her appointee will make a report in writing to the SA at the end of each  
95 semester. This report will be due at the beginning of the last SA meeting of each semester. This report will include: 1)  
96 the status of all policies and departments affected by campus governance legislation during the semester, 2) the status  
97 of all SA legislative actions awaiting Presidential consideration, and 3) progress reports requested by the SA leadership  
98 on any past legislative action(s).

99 **Section 8: Public Hearings, Forums, and Referenda**

- 100 A. The SA will have the authority and responsibility to conduct public hearings, forums, and referenda  
101 concerning topics of current student interest, and to determine in other appropriate ways student needs and  
102 opinions.
- 103 B. At two times during the course of the fall and spring semesters, a student or student group (referred to as the  
104 “submitter”) may submit a referendum of any topic of current student interest to the Student Assembly  
105 general body upon successful collection of support from at least 3-percent of the registered undergraduate  
106 student body (submitters should plan to collect at least 450 undergraduate signatures) according to the  
107 following procedure:
- 108 i. The referendum must contain a single or a series of referendum questions that are neutrally worded  
109 and call for a yes/no response. Once the submitter has started gathering signatures, the question may  
110 not be changed or modified in any way. Submitters must collect signatures (defined as a willfully  
111 submitted record of first name, last name, and NetID) exclusively from registered undergraduate  
112 students at Cornell University. Digital and print solicitation methods are permitted, provided that the  
113 referendum question and sponsoring student or student organization are clearly visible. An electronic  
114 form (ex, Google form) may be used to gather the names and NetIDs of students, but the final  
115 submission must be on the appropriate form provided by the Office of the Assemblies.
  - 116 ii. The deadlines for submission of referendums will be a date to coincide with the deadlines of the  
117 election materials for the Fall and for the Spring. All deadlines will be advertised through the SA  
118 monthly newsletter as well as the other usual publicity instruments. Once a referendum question with  
119 the appropriate number of signatures has been submitted, the SA general body will roll call vote by  
120 simple majority whether to hold the referendum. The vote will also make the provision for two  
121 collective community votes. If the SA votes by a margin of 80% or more of voting members to NOT  
122 hold the referendum, the referendum is suspended. If the SA votes by simple majority but less than  
123 80% of the vote to NOT hold the referendum, the submitter may overturn the decision of the SA by  
124 collecting the signatures of at least 10-percent of the registered undergraduate student body using the  
125 same method described in section A. 2. Once a referendum is approved or has gathered the support  
126 of at least 10-percent of the registered undergraduate student body, the following timeline will be  
127 observed:

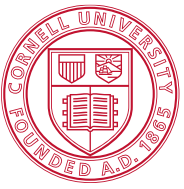

## Cornell University Student Assembly

- 128 a. STATEMENT PERIOD. The Student Assembly Executive Vice President will put out a  
129 call for pro or con statements regarding the referendum question. Any member of the  
130 Cornell community may submit a statement. Each statement will be no longer than 300  
131 words. The statements must pertain to the topic of the referendum question. The deadline  
132 for pro or con statements will be seven (7) days from when the call was first made public.  
133 b. PROMOTIONAL PERIOD. Once the seven-day statement period has ended, the Student  
134 Assembly Vice President for Public Relations has a period of three (3) days to promote the  
135 referendum question and any submitted statements. The Office of the Assemblies will  
136 distribute via email to all registered undergraduate students the following: information on  
137 when and how to vote in the referendum, the referendum question, and any pro or con  
138 statements submitted.  
139 c. VOTING PERIOD. The Office of the Assemblies will conduct the referendum on the next  
140 business day following the conclusion of the promotional period. The voting period will be  
141 exactly 36 hours. The Office of the Assemblies will display any pro or con statements  
142 submitted during the statement period on the poll.  
143 iii. The Office of the Assemblies will publicly release the results of the referendum within one business  
144 day following the conclusion of the Voting Period, including the percentage of the undergraduate  
145 population that voted.  
146 iv. If a referendum has a majority of votes in favor of the submitter, then the President of the Student  
147 Assembly will communicate the referendum question, a summary of each side of the argument, and  
148 the results of the referendum to the Office of the President in the form of a referendum action.  
149 v. The Office of the Assemblies will record and make publicly available all communication between the  
150 President of the Student Assembly and the Office of the President.

### 151 **Section 9: Authority to Appoint Delegates, Committee Members and Liaisons**

- 152 A. Two members will be selected from and by the membership of the SA to serve as voting members of the UA  
153 and to act as a liaison between the UA and the SA. Elections for the two SA voting members to the UA shall  
154 be by separate secret ballots. Elections will be conducted using a single transferable vote system. The  
155 President may not be one of the SA representatives to the UA. The remaining two undergraduate student  
156 members of the UA shall be elected by the undergraduate student body at the time of SA's spring elections in  
157 the same manner as SA voting members. Elected representatives to the UA shall serve for one calendar year,  
158 taking office June 1st. Elected representatives to the UA shall serve for one calendar year, taking office June  
159 1st. Should a seat on the UA be empty, the seat shall be declared vacant. Undergraduates may not hold a  
160 directly elected seat in both the UA and the SA during the same term.  
161 B. If at any time during the course of an academic year, a UA member elected directly from the undergraduate  
162 student body should leave his office, then the seat shall be filled by the next highest-ranking non-winning  
163 candidate. If there should not be a next highest-ranking non-winning candidate after the special election, the

- 164 seat will be filled by the undesignated at-large candidate receiving the most number of votes in the preceding  
165 spring election.
- 166 C. The SA will have the authority to appoint student members of the UA committees.
- 167 D. The SA will have the authority to appoint student members to be liaisons to departments and administrators  
168 in the University.
- 169 i. During the process of committee appointments, the following two appointments must be made:  
170 liaison to the Athletic Department and liaison to the Dean of Faculty. The liaison positions shall have  
171 the responsibility of increasing the communication between the SA and the respective University  
172 departments.
- 173 ii. At the time that committee appointments are made, the SA will appoint one member to serve as  
174 Liaison to the Provost. The student will interact and work directly with the Provost on issues that  
175 affect and concern students on a regular basis during the member's term of office.
- 176 iii. At the time that committee appointments are made, the SA will appoint at least one undergraduate  
177 student to serve as liaison to the Student Health Fee Advisory Committee. The liaison will be a  
178 voting member of the Committee.
- 179 iv. At the time that committee appointments are made, the SA will appoint one undergraduate student  
180 to serve as Liaison to the Student Health Plan Advisory Committee. The liaison will be a voting  
181 member of the Committee.

## 182 **ARTICLE IV: MEMBERSHIP**

### 183 **Section 1: Composition**

- 184 A. General Composition – The SA will consist of 29 voting members who are registered undergraduate students  
185 at Cornell University. Up to two additional votes shall be allocated to the entire community of undergraduates  
186 as a whole present at a Student Assembly meeting on motions that express the opinion of the assembly. Such  
187 community votes shall be allowed only as provided by the Assembly in its bylaws. Twelve voting members of  
188 the SA will be elected by and from the student populations of the colleges and schools, one from each: the

201 seat is to be reserved for candidates seeking to represent the Lesbian, Gay, Bisexual, Transgender, Intersex,

203 constituent, undesignated at-large seats are to be contested by candidates running for President and Executive  
204 Vice President and by non-constituent, undesignated at-large group candidates not running for President or  
205 Executive Vice President. Five seats shall be elected by and from new students entering in the fall. Should  
206 there be no candidate running for a given seat, the seat shall be considered vacant.
- 207 B. Ex-officio Membership – All undergraduate members of the Cornell student body are considered non-voting  
208 members of the SA, and are encouraged to attend and participate in meetings. The SA may designate ex-  
209 officio membership to any member of the Cornell Community as deemed necessary for the operation of the  
210 Student Assembly
- 211 C. Specification of New Student Seats – Four new student seats shall be elected and held by new students  
212 entering in the fall semester. One additional seat shall be designated the Transfer Seat and shall be elected by  
213 incoming transfer students and held by a transfer student who has entered the university that fall.
- 214 D. Qualifications for Voting Membership - SA members elected from the various colleges and schools must be  
215 registered students in their respective colleges and schools by the beginning of the fall term of the academic  
216 year for which they were elected. SA members must resign their position if they cease to be a registered, full-  
217 time undergraduate student in their respective college. SA members elected at-large must be registered  
218 students at Cornell by the beginning of the fall term of the academic year for which they were elected. SA  
219 members must resign their position if they plan to be away from the Ithaca campus for an extended period of  
220 time (i.e. a semester). Any SA member who vacates their current seat after being elected or re-elected to a  
221 position will forfeit their new seat. The forfeited position will devolve to the next runner up, and should there  
222 be no runner-up the seat will be re-run in the fall elections.

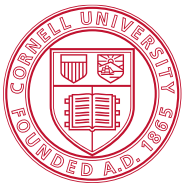

## 223 **Section 2: Election of Voting Members**

224 The President, Executive Vice President, and other Undesignated at Large representatives will be elected by a single  
225 transferable voting system. Voters may rank all candidates on the ballot for each of these races. All other  
226 representatives shall be elected by a plurality voting system. Voters will cast one vote per available seat, (e.g. if three  
227 Arts and Sciences representatives are to be elected, the voter will vote for three candidates).

## 228 **Section 3: Terms**

229 All elected members are elected to a term, ending on June 1st, with no limit as to the number of terms they may serve.  
230 Prior to being seated at the beginning of their term, each member shall take the oath of office. and shall be bound to  
231 that oath for the duration of their term.

## 232 **Section 4: Advisor**

233 The University President will appoint one member of the administration to serve as consultant to the SA at its  
234 meetings.

### 235 **Section 5: Absentees**

236 Any voting members who are absent for three regularly scheduled meetings cumulatively during their term will have  
237 their position vacated. At the discretion of the Executive Committee, a member will not be counted as if they were  
238 absent for an interview for a job, graduate school, or scholarship; if they were attending a required academic event for  
239 which accommodations could not be made; if they were representing the Student Assembly in an official capacity; if  
240 they were tending to a family emergency; if they are observing a religious holiday; or if they were under the care of a  
241 physician. The Executive Committee will review each circumstance individually and will determine a decision within 7  
242 days of the request. Executive Committee may avert such a vacancy by a two-thirds (2/3) vote of seated voting  
243 members of the Executive Committee. The vote would be conducted by secret ballot. The Executive Committee  
244 should consider the reasoning for past absences, the likelihood of future absences, and the representative's  
245 supplemental actions to represent their respective constituency in making their decision. The same action must be  
246 taken if the Executive Committee wishes to avert a vacancy whenever the three cumulative absences mark is  
247 exceeded. The Director of Elections will serve as Chair for these meetings.

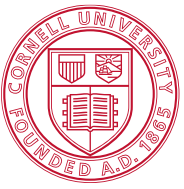

### 248 **Section 6: Vacancies**

249 All vacancies will be filled by seating the highest ranked non-winning candidate in the last election from the same  
250 constituency. If the highest ranked non-winning candidate declines, the seat will be offered to the next highest ranked  
251 non-winning candidate. If this procedure has been followed and the seat still remains vacant, the SA will solicit  
252 candidates from the unrepresented constituency during the first two weeks of the academic term immediately  
253 following the declaration of vacancy. If there is more than one candidate, an election will be held within the  
254 appropriate constituency, and the winner will be seated. If there is only one candidate, he or she will be seated  
255 immediately. If there are no candidates for a particular vacant seat, such seat will be labeled Undesignated and filled by  
256 the runner-up in the Undesignated At-Large election. At the time for the next election, such seat will return to its  
257 previous designation. Vacant seats shall not figure into quorums or vote counts; only filled seats may. SA members  
258 who are college representatives and who leave their college will vacate their seats. Should a seat remain vacant or be  
259 vacated following the special election and there are no non-winning candidates from that constituency to fill the  
260 position, it shall be filled by the undesignated at-large candidate receiving the most number of votes in the preceding  
261 spring election. Should an undergraduate seat on the UA remain vacant after following these procedures, the SA may  
262 appoint an individual to assume the UA seat.

### 263 **Section 7: Recalling of Voting Members**

264 A. If a voting SA member is to be recalled, they may be recalled either through their constituency or through the  
265 SA. To be recalled through a member's respective constituency each of the following procedures must be

### 465 Section 6: "Check-off" or "Pay-extra" Options

466 Neither a check-off option nor an option to pay an amount in addition to the established SAF for specific programs

477 approved or overturned, the Student Assembly must approve the SAF by a majority of the voting membership of the  
478 Student Assembly

### 479 **Section 8: Freedom of Information**

480 Unless otherwise noted, all documents regarding the SAF shall be considered public and shall be available to members  
481 of the Cornell community for review within 24 hours of their request. All deliberations regarding allocations and  
482 authorization shall be conducted in open session unless otherwise required by university policy or law. If a closed  
483 session is necessary to review or discuss confidential materials, discussion in such session must be limited only to  
484 those materials and no vote may be taken regarding the disposition of the request itself. Confidential materials may be  
485 disclosed publicly only at the discretion of authorized university personnel.

### 486 **Section 9: Conference with GPSA**

487 If a disparity arises in funding levels between the GPSA and SA of an organization that is funded by both, the  
488 financial officers of each body will meet to discuss the discrepancy and recommend action to their respective bodies.

### 489 **Section 10: Default**

490 If the Assembly does not adopt a recommendation in the fall semester of a fee setting year, its recommendation shall  
491 be presumed to be that all individual by-lines revert to the same level as in the current funding cycle with the  
492 following exception:

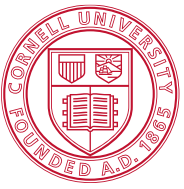

- 493 1. Should an applicant's newly approved allocation be less than that of the current cycle, the applicant shall  
494 receive the lower allocation.

### 495 **Section 11: Amendments**

496 Appendix A may be amended by a two-thirds (2/3) vote of the Student Assembly. In order to ensure consistency and  
497 fairness to the applicants and student body at-large, no amendments to this appendix may be adopted during the fall  
498 semester of a fee-setting year.

### 499 **Section 12: Review**

500 The SA and the GPSA and a representative of the President of the University shall review these guidelines and the  
501 procedures established in accordance therewith at least every four years in a non-fee-setting year (e.g. 2014-2015,  
502 2018-2019). This review shall be conducted with strict adherence to the guidelines set forth by the Board of Trustees  
503 in Attachment A: Criteria for Setting and Allocating the Student Activity Fee (03/01/99).

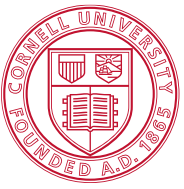

## Cornell University Student Assembly

### 504 **Section 13: Criteria for Setting and Allocating the Student Activity Fee from the** 505 **March 1, 1999 Delegation of Authority**

- 506 A. Pursuant to a letter dated March 1, 1999, the President of the University has delegated responsibility for the  
507 setting and allocation of the Student Activity Fee to the Student Assembly (SA) and the Graduate &  
508 Professional Student Assembly (GPSA) within the following guidelines:
- 509 B. The SA and the GPSA shall each amend their respective charters to include the criteria for the setting and  
510 allocation of the Student Activity Fee, including the guidelines set forth herein and which criteria shall be  
511 reviewed by and meet the approval of the President of the University.
- 512 C. The Student Activity Fee for undergraduate students and for graduate and professional students shall be set  
513 every two years for a period of two years by the SA and the GPSA, respectively.
- 514 D. The amount of the Student Activity Fee shall be determined by the last day of classes in the fall semester of  
515 the fee-setting year by the SA and the GPSA, after substantive input and active participation in the fee-setting  
516 process by their constituencies. In the event the SA or the GPSA is unable to meet this deadline, the  
517 applicable Student Activity Fee will default to the amount and allocation currently in effect during the fee-  
518 setting year. The final report must be sent to the President of the University by the last day of finals of the fall  
519 semester.
- 520 E. In general, in order to be considered for funding from the monies collected through the Student Activity Fee,  
521 an organization must meet the following criteria:
- 522 i. Register as a student or university organization with the Student Activities Office
  - 523 ii. Allow students equal access to the services being provided by the organization or participation in the  
524 organization's activities
  - 525 iii. Operate primarily for students by students with funds disbursed through a university operating  
526 account
  - 527 iv. Have an advisor to assist with oversight of the university operating account.
- 528 F. Funding from the monies collected through the Student Activities Fee may be provided directly to an  
529 organization, which applies for and receives "by-line" funding status, outside of the established Student  
530 Activities Funding Commission or Graduate and Professional Student Activities Funding Commission  
531 processes. In addition to the general criteria set out above, an organization wishing to receive by-line funding  
532 must demonstrate:
- 533 i. Its activities are of direct and primary benefit to the entire Cornell community represented by the  
534 respective assembly; and
  - 535 ii. It has a demonstrated budgetary need equivalent to at least 50 cents per student per year.
- 536 G. The SA and the GPSA may also elect to provide by-line funding for other programs and services, which are  
537 not registered organizations (e.g., Students Helping Students, club insurance) but whose organizational  
538 structure and programs and services are consistent with the criteria outlined above for by-line funded  
539 organizations. Such funding would require the approval of the respective assembly and the President of the  
540 University.

# Cornell University Student Assembly

- 541 H. The SA and the GPSA will ensure that an appropriate balance is maintained between funds allocated to by-  
542 line funded organizations and the Student Activities Funding Commission or Graduate and Professional  
543 Student Activities Funding Commission, respectively. The SA and GPSA shall allocate no less than 35% of  
544 their respective Student Activity Fees to the applicable Finance Commission for disbursement among non-  
545 by-line funded organizations.
- 546 I. The SA shall ensure that the Student Activity Fee is an even dollar amount without change. The SA shall be  
547 permitted to increase the Student Activities Funding Commission's allocation above their request to reach an  
548 even dollar amount.
- 549 J. Neither a check-off option nor an option to pay an amount in addition to the established Student Activity  
550 Fee for specific programs or services will be allowed for purposes of exempting a student from paying the full  
551 amount of the Student Activity Fee, due to the funding instability inherent in administering such a system.  
552 Exceptions may be considered if recommended and approved by the respective assembly and approved by  
553 the President of the University.
- 554 K. These guidelines and the procedures established in accordance therewith shall be reviewed by the SA and the  
555 GPSA and a representative of the President of the University at least every four years in a non-fee-setting  
556 year.

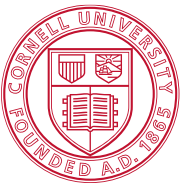

## 557 **APPENDIX B: STUDENT ASSEMBLY GUIDELINES FOR FUNDED** 558 **ORGANIZATIONS**

### 559 **Section 1: Preamble**

### 575 E. **Enforcement, Violations & Penalties**

- 576 i. The SA Vice-President for Finance shall be charged with investigation of all accusations regarding  
577 violations of these guidelines and will report such findings to the SA.
- 578 ii. If the SA determines that an organization has committed a violation, the SA may impose a fine,  
579 reduction or revocation of the organization's by-line funding allocation. In order for a fine,  
580 reduction, or revocation of funding to occur, a two-thirds majority of the SA must concur. Reasons  
581 for a fine, reduction, or revocation of funding include, but are not limited to, violation of these rules,  
582 violation of campus policies, or violation of contract. Any money garnered from a fine on an  
583 organization shall be placed in the Special Projects Fund of the Student Assembly. If a reduction or  
584 revocation of funding affecting the remainder of the funding cycle occurs, the University shall  
585 attempt to reduce the SAF to reflect the lower amount. Excepting that, the money shall revert to the  
586 Special Projects Fund.

### 587 **Section 3: General Guidelines**

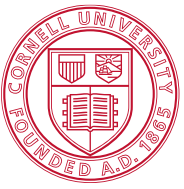

588 All recipients of the SAF shall adhere to the following guidelines:

- 589 A. **Eligibility:** SAF allocations are to be used primarily for the benefit of undergraduate students. Organizations  
590 that have the capability to be student run and led shall be primarily student run and led.
- 591 B. **Event Ticketing:** For all events (concerts, lectures, films, etc.) funded by the Fee allocations and for which  
592 admission is charged:

594 the SAF.

598 organizations publish a report to the SA on the amount of money received for an event, where that  
599 money has been allocated, total attendance, and how much money was spent on the event.
- 600 C. **Attendance Tracking:** Each By-line Funded Organization shall, whenever possible, provide accurate  
601 attendance figures. Such figures may be acquired through a number of measures including swiping Cornell  
602 ID's, using a ticketing system, keeping a sign in sheet, or having someone at the door count entrants. For  
603 events that are expected to exceed a capacity of 100 attendees, organizations are required to track attendance  
604 through a ticketing system or using Cornell ID Scanners. For organizations unable to purchase their own  
605 scanners, scanners will be available to rent through the Office of the Assemblies. For events where tracking  
606 attendance would provide an unnecessary burden to organizations, a brief written statement explaining why  
607 attendance was not taken is required.
- 608 D. **Public Promotion & Engagement:** Each organization shall regularly advertise its existence and encourage  
609 student participation at its meetings, which shall be open to the public. Each organization funded by the SA  
610 will be required to include the SA logo or the following statement on all fliers, posters, promotions, programs,  
611 and literature "Funded in part by the Student Assembly".

## Cornell University Student Assembly

- 612 E. **Funds Partitioning:** SAF money will preferably be held in a separate University account for accounting and  
613 reporting purposes. Otherwise all expenditures from SAF money shall be authorized by the Organization in  
614 accordance with its governing documents. These requirements apply to all organizations unless explicitly  
615 exempted in this Appendix or waived by a two-thirds vote of both the Appropriations Committee and the  
616 Student Assembly. The waiver shall apply for one by-line funding cycle.
- 617 F. **Prohibition on Compensation:** No Advisor, President, Treasurer, staff member, other officer, or member

621 liaison is failing in their duty, a new liaison may be appointed.
- 622 H. **Off-Year Reporting:** During the fall of even-numbered calendar years each organization shall provide the  
623 Appropriations Committee with a written account of the use of its fee allocation and operations for the  
624 previous academic year, and an oral summary of its activities, including usage statistics and future  
625 programming plans. The SA Vice President for Finance will conduct an unofficial vote regarding the  
626 committee's recommendation on whether or not the organization should receive an increase in funding, a

635 teambuilding, banquet, training, and other social expenditures for organization members, in sum, shall be no  
636 greater than \$4,000 or 10% of the organization's by-line allocation, whichever is less. This rule shall not apply  
637 to SAFC-funded organizations.
- 638 K. **Governing Document Approval:** All organizations must submit any changes in the Organizations' bylaws,  
639 constitution, or other governing documents to the SA for its approval.
- 640 L. **Non-discrimination:**
- 641 M. **Non-discrimination:** All organizations receiving Student Activity Fee funds directly or that receive such  
642 funds indirectly from a by-line funded organization shall not discriminate on the basis of actual or perceived  
643 age, race, religion, creed color, national origin, ethnicity, sexual orientation, gender identity or expression,  
644 military status, sex, disability, predisposing genetic characteristics, familial status, marital status, domestic  
645 violence victim status, or any combination of these factors when determining its membership and when  
646 determining the equal rights of all general members and executive board members, respectively, which shall

658 all rights of general members and executive board members, respectively, so long as said standards  
659 are protected by the 1st Amendment of the United States Constitution in the context of a public  
660 university and do not impede enforcement of Appendix B, Section II, subsection E.
