52 respond to any requests for information from the University President on its actions. The University
53 President may also request reconsideration of legislation proposed by the SA. Such a request must be filed
54 within thirty days of notification of the legislation. The SA will take action on such a request, and, if the
55 legislation is upheld, the SA will inform the University President. If the legislation is upheld and if the
56 University President still deems the action to be defective, the University President may veto the action of the
57 SA. The University President will review all actions of the SA that have been reported to him or her and

Student Assembly

- 61 B. Reporting to Other Bodies – The SA will report in writing its actions to the GPSA, Employee Assembly, and
62 the Faculty Senate, in conjunction with reporting of the actions to the President of the University. The
63 actions will be reported following each meeting by a SA member designated by the SA.
- 64 C. Annual Report - The SA will present an annual report at or after the last SA meeting of the spring term to the
65 President of the University and the student population. The report will include a summary of the SA’s work
66 during the preceding year and, in addition, describe any unresolved issues that are expected to arise in the
67 future. All members of the Cornell community will have access to this report. The report must be approved
68 by either a majority vote of the members present at the final meeting of the spring term or by a majority vote
69 of the voting membership of the Student Assembly electronically prior to being presented to the University
70 President.

71 **Section 4: Objection to Actions**

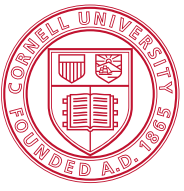

- 72 A. Objection of SA Actions by Another Assembly – Should another Assembly object to an action of the SA, at
73 its next business meeting, the SA will review the objection and either modify the original position to account
74 for the objections of the other constituency(ies) or will reaffirm the original action. The SA shall report to the
75 objecting body(ies) within five working days of reviewing the objection.
- 76 B. Objection by SA of another Assemblies Actions – If the SA determines by a two-thirds vote that the action
77 of another constituency body impacts its constituency, comparable procedures for the reconciliation of the
78 differences will be pursued.

79 **Section 5: University Calendar**

- 80 A. The Provost will consult with the SA in the formulation of the University Calendar. The SA may review and
81 ask for reconsideration of the calendar before it becomes final. In addition, the SA may propose changes in
82 the calendar to the Provost.
- 83 B. The Provost shall make the calendar available for comment at least thirty days before public announcement
84 of the final calendar.

85 **Section 6: Presidential Information**

86 The SA may request and obtain specific information from the President of the University regarding any subject which
87 it deems of general student concern. If such a request is made, and said information is not furnished, the University
88 President will report to the SA the reasons why said information cannot be furnished within two regularly scheduled
89 SA meetings following the denial of the request. The SA will not request information falling into the following
90 categories: salary or wage records of specific individuals, academic or financial records of specific individuals, medical
91 or categorical (race, sex, age, etc.) records of specific individuals and information otherwise defined as confidential or
92 restricted by law.

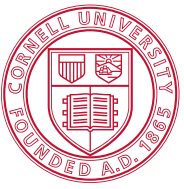

93 **Section 7: President’s Report**

94 The President of the University or his/her appointee will make a report in writing to the SA at the end of each
95 semester. This report will be due at the beginning of the last SA meeting of each semester. This report will include: 1)
96 the status of all policies and departments affected by campus governance legislation during the semester, 2) the status
97 of all SA legislative actions awaiting Presidential consideration, and 3) progress reports requested by the SA leadership
98 on any past legislative action(s).

99 **Section 8: Public Hearings, Forums, and Referenda**

- 100 A. The SA will have the authority and responsibility to conduct public hearings, forums, and referenda
101 concerning topics of current student interest, and to determine in other appropriate ways student needs and
102 opinions.
- 103 B. At two times during the course of the fall and spring semesters, a student or student group (referred to as the
104 “submitter”) may submit a referendum of any topic of current student interest to the Student Assembly
105 general body upon successful collection of support from at least 3-percent of the registered undergraduate
106 student body (submitters should plan to collect at least 450 undergraduate signatures) according to the
107 following procedure:
- 108 i. The referendum must contain a single or a series of referendum questions that are neutrally worded
109 and call for a yes/no response. Once the submitter has started gathering signatures, the question may
110 not be changed or modified in any way. Submitters must collect signatures (defined as a willfully
111 submitted record of first name, last name, and NetID) exclusively from registered undergraduate
112 students at Cornell University. Digital and print solicitation methods are permitted, provided that the
113 referendum question and sponsoring student or student organization are clearly visible. An electronic
114 form (ex, Google form) may be used to gather the names and NetIDs of students, but the final
115 submission must be on the appropriate form provided by the Office of the Assemblies.
 - 116 ii. The deadlines for submission of referendums will be a date to coincide with the deadlines of the
117 election materials for the Fall and for the Spring. All deadlines will be advertised through the SA
118 monthly newsletter as well as the other usual publicity instruments. Once a referendum question with
119 the appropriate number of signatures has been submitted, the SA general body will roll call vote by
120 simple majority whether to hold the referendum. The vote will also make the provision for two
121 collective community votes. If the SA votes by a margin of 80% or more of voting members to NOT
122 hold the referendum, the referendum is suspended. If the SA votes by simple majority but less than
123 80% of the vote to NOT hold the referendum, the submitter may overturn the decision of the SA by
124 collecting the signatures of at least 10-percent of the registered undergraduate student body using the
125 same method described in section A. 2. Once a referendum is approved or has gathered the support
126 of at least 10-percent of the registered undergraduate student body, the following timeline will be
127 observed:

Cornell University Student Assembly

- 128 a. STATEMENT PERIOD. The Student Assembly Executive Vice President will put out a
129 call for pro or con statements regarding the referendum question. Any member of the
130 Cornell community may submit a statement. Each statement will be no longer than 300
131 words. The statements must pertain to the topic of the referendum question. The deadline
132 for pro or con statements will be seven (7) days from when the call was first made public.
133 b. PROMOTIONAL PERIOD. Once the seven-day statement period has ended, the Student
134 Assembly Vice President for Public Relations has a period of three (3) days to promote the
135 referendum question and any submitted statements. The Office of the Assemblies will
136 distribute via email to all registered undergraduate students the following: information on
137 when and how to vote in the referendum, the referendum question, and any pro or con
138 statements submitted.
139 c. VOTING PERIOD. The Office of the Assemblies will conduct the referendum on the next
140 business day following the conclusion of the promotional period. The voting period will be
141 exactly 36 hours. The Office of the Assemblies will display any pro or con statements
142 submitted during the statement period on the poll.
143 iii. The Office of the Assemblies will publicly release the results of the referendum within one business
144 day following the conclusion of the Voting Period, including the percentage of the undergraduate
145 population that voted.
146 iv. If a referendum has a majority of votes in favor of the submitter, then the President of the Student
147 Assembly will communicate the referendum question, a summary of each side of the argument, and
148 the results of the referendum to the Office of the President in the form of a referendum action.
149 v. The Office of the Assemblies will record and make publicly available all communication between the
150 President of the Student Assembly and the Office of the President.

151 **Section 9: Authority to Appoint Delegates, Committee Members and Liaisons**

- 152 A. Two members will be selected from and by the membership of the SA to serve as voting members of the UA
153 and to act as a liaison between the UA and the SA. Elections for the two SA voting members to the UA shall
154 be by separate secret ballots. Elections will be conducted using a single transferable vote system. The
155 President may not be one of the SA representatives to the UA. The remaining two undergraduate student
156 members of the UA shall be elected by the undergraduate student body at the time of SA's spring elections in
157 the same manner as SA voting members. Elected representatives to the UA shall serve for one calendar year,
158 taking office June 1st. Elected representatives to the UA shall serve for one calendar year, taking office June
159 1st. Should a seat on the UA be empty, the seat shall be declared vacant. Undergraduates may not hold a
160 directly elected seat in both the UA and the SA during the same term.
161 B. If at any time during the course of an academic year, a UA member elected directly from the undergraduate
162 student body should leave his office, then the seat shall be filled by the next highest-ranking non-winning
163 candidate. If there should not be a next highest-ranking non-winning candidate after the special election, the

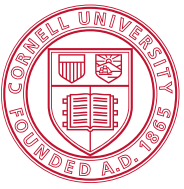

Cornell University Student Assembly

- 164 seat will be filled by the undesignated at-large candidate receiving the most number of votes in the preceding
165 spring election.
- 166 C. The SA will have the authority to appoint student members of the UA committees.
- 167 D. The SA will have the authority to appoint student members to be liaisons to departments and administrators
168 in the University.
- 169 i. During the process of committee appointments, the following two appointments must be made:
170 liaison to the Athletic Department and liaison to the Dean of Faculty. The liaison positions shall have
171 the responsibility of increasing the communication between the SA and the respective University
172 departments.
- 173 ii. At the time that committee appointments are made, the SA will appoint one member to serve as
174 Liaison to the Provost. The student will interact and work directly with the Provost on issues that
175 affect and concern students on a regular basis during the member's term of office.
- 176 iii. At the time that committee appointments are made, the SA will appoint at least one undergraduate
177 student to serve as liaison to the Student Health Fee Advisory Committee. The liaison will be a
178 voting member of the Committee.
- 179 iv. At the time that committee appointments are made, the SA will appoint one undergraduate student
180 to serve as Liaison to the Student Health Plan Advisory Committee. The liaison will be a voting
181 member of the Committee.

205 running for President and Executive Vice President and by non-constituent, undesignated at-large group
206 candidates not running for President or Executive Vice President. Five seats shall be elected by and from new
207 students entering in the fall. Should there be no candidate running for a given seat, the seat shall be
208 considered vacant.

209 B. Ex-officio Membership – All undergraduate members of the Cornell student body are considered non-voting
210 members of the SA, and are encouraged to attend and participate in meetings. The SA may designate ex-
211 officio membership to any member of the Cornell Community as deemed necessary for the operation of the
212 Student Assembly

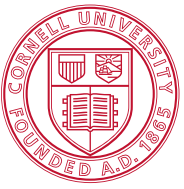

213 C. Specification of New Student Seats – Four new student seats shall be elected and held by new students
214 entering in the fall semester. One additional seat shall be designated the Transfer Seat and shall be elected by
215 incoming transfer students and held by a transfer student who has entered the university that fall.

216 D. Qualifications for Voting Membership - SA members elected from the various colleges and schools must be
217 registered students in their respective colleges and schools by the beginning of the fall term of the academic
218 year for which they were elected. SA members must resign their position if they cease to be a registered, full-
219 time undergraduate student in their respective college. SA members elected at-large must be registered
220 students at Cornell by the beginning of the fall term of the academic year for which they were elected. SA
221 members must resign their position if they plan to be away from the Ithaca campus for an extended period of
222 time (i.e. a semester). Any SA member who vacates their current seat after being elected or re-elected to a
223 position will forfeit their new seat. The forfeited position will devolve to the next runner up, and should there
224 be no runner-up the seat will be re-run in the fall elections.

225 Section 2: Election of Voting Members

226 The President, Executive Vice President, Undergraduate Representative to the University Assembly, and other
227 Undesignated at Large representatives will be elected by a single transferable voting system. Voters may rank all
228 candidates on the ballot for each of these races and any ballot that has candidate(s) who is/are unranked the ballot
229 shall not be invalidated and will count towards the ranked candidate. All other representatives shall be elected by a
230 plurality voting system. Voters will cast one vote per available seat, (e.g. if three Arts and Sciences representatives are
231 to be elected, the voter will vote for three candidates).

232 Section 3: Terms

Cornell University

Student Assembly

233 All elected members are elected to a term, ending on June 1st, with no limit as to the number of terms they may serve.
234 Prior to being seated at the beginning of their term, each member shall take the oath of office. and shall be bound to
235 that oath for the duration of their term.

236 **Section 4: Advisor**

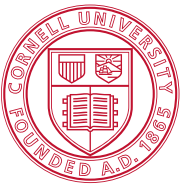

237 The University President will appoint one member of the administration to serve as consultant to the SA at its
238 meetings.

239 **Section 5: Absentees**

240 Any voting members who are absent for three regularly scheduled meetings cumulatively during their term will have
241 their position vacated. At the discretion of the Executive Committee, a member will not be counted as if they were
242 absent for an interview for a job, graduate school, or scholarship; if they were attending a required academic event for
243 which accommodations could not be made; if they were representing the Student Assembly in an official capacity; if
244 they were tending to a family emergency; if they are observing a religious holiday; or if they were under the care of a
245 physician. The Executive Committee will review each circumstance individually and will determine a decision within 7
246 days of the request. Executive Committee may avert such a vacancy by a two-thirds (2/3) vote of seated voting
247 members of the Executive Committee. The vote would be conducted by secret ballot. The Executive Committee
248 should consider the reasoning for past absences, the likelihood of future absences, and the representative's
249 supplemental actions to represent their respective constituency in making their decision. The same action must be
250 taken if the Executive Committee wishes to avert a vacancy whenever the three cumulative absences mark is
251 exceeded. The Director of Elections will serve as Chair for these meetings.

252 **Section 6: Vacancies**

253 All vacancies will be filled by seating the highest ranked non-winning candidate in the last election from the same
254 constituency. If the highest ranked non-winning candidate declines, the seat will be offered to the next highest ranked
255 non-winning candidate. If this procedure has been followed and the seat still remains vacant, the SA will solicit
256 candidates from the unrepresented constituency during the first two weeks of the academic term immediately
257 following the declaration of vacancy. If there is more than one candidate, an election will be held within the
258 appropriate constituency, and the winner will be seated. If there is only one candidate, he or she will be seated
259 immediately. If there are no candidates for a particular vacant seat, such seat will be labeled Undesignated and filled by
260 the runner-up in the Undesignated At-Large election. At the time for the next election, such seat will return to its
261 previous designation. Vacant seats shall not figure into quorums or vote counts; only filled seats may. SA members
262 who are college representatives and who leave their college will vacate their seats. Should a seat remain vacant or be
263 vacated following the special election and there are no non-winning candidates from that constituency to fill the
264 position, it shall be filled by the undesignated at-large candidate receiving the most number of votes in the preceding
265 spring election. Should an undergraduate seat on the UA remain vacant after following these procedures, the SA may
266 appoint an individual to assume the UA seat.

267 **Section 7: Recalling of Voting Members**

- 268 A. If a voting SA member is to be recalled, they may be recalled either through their constituency or through the
269 SA. To be recalled through a member's respective constituency each of the following procedures must be
270 followed in the given order:
- 271 i. A petition for the recall of the specific SA voting member will be registered with the Office of the
272 Assemblies before any signatures are obtained.
 - 273 ii. Petitioning for recall shall last for a period of not more than fourteen (14) days from the registration
274 of the petition. The required number of signatures shall be: for representatives of a college
275 constituency - 50% plus one or 1000 from that constituency, whichever is smaller; for at-large
276 representatives - 15% of the student body. The petition will be presented to the Office of the
277 Assemblies.
 - 278 iii. An informational forum will be scheduled and held within not more than one (1) week of the
279 presentation of the petition, where a discussion of the recall will occur. The SA voting member must
280 have a reasonable opportunity to attend the forum.
 - 281 iv. A special recall election will be scheduled for and held within not more than three (3) days after the
282 informational hearing.
 - 283 v. Should the constituency vote to remove its representative the seat shall be declared vacant.
- 284 B. To be recalled by the SA, two-thirds of the voting membership must vote in favor of recalling the SA
285 member.

286 **Section 8: Responsibilities of Voting Members**

- 287 A. SA members who represent specific college or school constituencies are required to make a reasonable effort
288 to arrange at least two meetings a semester with their respective academic dean or associate dean(s) to discuss
289 college/school specific issues and concerns. These representatives will then report back to the Student
290 Assembly at the next regularly scheduled SA meeting briefing the Assembly on pertinent issues and
291 occurrences that would take place as a result of these meetings.
- 292 B. SA members who represent specific college or school constituencies shall be charged with gathering
293 information about their particular college and representing their respective constituencies, and voting
294 according to their needs and desires.
- 295 C. All voting representatives shall host at least one forum or outreach activity with individuals from their
296 respective constituencies and report all outcomes to the SA at the next regularly-scheduled meeting following
297 such an activity
- 298 D. All representatives may communicate regularly with their constituents through e-mail mailing lists and
299 listservs, which may be maintained by their respective college dean's office, the Department of Campus Life,
300 the Office of the Dean of Students, or the Office of the Assemblies
- 301 E. Any Student Assembly member, including the Vice President for Public Relations, must submit a mass
302 message (e-mail, advertisement, press release, etc.) to the Executive Board for approval. The Executive Board

303 may approve a message by a majority vote and the vote may be conducted by e-mail. The e-mail records must
304 be saved.

305 **ARTICLE V: AMENDMENTS**

306 **Section 1: Proposal of Amendments**

307 This charter may be amended at any regular meeting of the assembly by a two-thirds vote of the entire voting
308 membership, provided that the amendment has been submitted in writing at the previous regular meeting.
309 Amendments may be presented to the assembly by voting members or by community petition with at least 100
310 Cornell undergraduate student signatures. Any changes made to the attendance policy after the second meeting of the
311 term will not go into effect until the following term.

312 **Section 2: Presidential Approval**

313 Amendments to this Charter are subject to the approval of the President of the University. Should the University
314 President disapprove the amendments affected by this section, the University President will present a detailed verbal
315 or written report to the SA indicating the reasons for disapproval. The report will be presented within thirty (30) days
316 of receipt of the proposed amendments by the University President.

317 **Section 3: Official Copy**

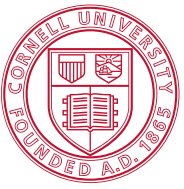

318 The Office of Assemblies shall update the official copy of the charter within five business days of receiving notice of
319 any amendment's ratification.

320 **APPENDIX A: GUIDELINES FOR THE ALLOCATION OF THE** 321 **STUDENT ACTIVITY FEE**

322 **Section 1: Preamble**

323 The Student Assembly (the Assembly), through the delegated authority of the President and the Board of Trustees, is
324 charged with the allocation of the Student Activity Fee (SAF). This fee is mandatory for all undergraduate students of
325 the University and shall be used to fund participation in, and viewing of, activities and programs that benefit the

468 submit it to the Office of the Assemblies before they are seated in the fall semester of a fee-setting year.

469 Section 6: "Check-off" or "Pay-extra" Options

470 Neither a check-off option nor an option to pay an amount in addition to the established SAF for specific programs
471 or services will be allowed for purposes of exempting a student from paying the full amount of the SAF. Exceptions
472 may be considered if recommended and approved by the Student Assembly and approved by the President of the
473 University.

474 **Section 7: Voting**

475 Proxy votes shall not be permitted for decisions of the Student Assembly regarding the SAF during the SAF allocation
476 process. The Student Assembly must approve the appropriations committee decisions by a majority of Student
477 Assembly members present at the meeting and can overturn an appropriations committee decision by a two-thirds
478 (2/3) vote of Student Assembly members present at the meeting. If the Student Assembly overturns a decision of the
479 appropriations committee, the Student Assembly must decide Activity Fee funding for that organization by a majority
480 of the Student Assembly members present at the meeting. After all appropriations committee decisions have been
481 approved or overturned, the Student Assembly must approve the SAF by a majority of the voting membership of the
482 Student Assembly

483 **Section 8: Freedom of Information**

484 Unless otherwise noted, all documents regarding the SAF shall be considered public and shall be available to members
485 of the Cornell community for review within 24 hours of their request. All deliberations regarding allocations and
486 authorization shall be conducted in open session unless otherwise required by university policy or law. If a closed
487 session is necessary to review or discuss confidential materials, discussion in such session must be limited only to
488 those materials and no vote may be taken regarding the disposition of the request itself. Confidential materials may be
489 disclosed publicly only at the discretion of authorized university personnel.

490 **Section 9: Conference with GPSA**

491 If a disparity arises in funding levels between the GPSA and SA of an organization that is funded by both, the
492 financial officers of each body will meet to discuss the discrepancy and recommend action to their respective bodies.

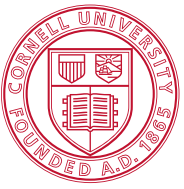

493 **Section 10: Default**

494 If the Assembly does not adopt a recommendation in the fall semester of a fee setting year, its recommendation shall
495 be presumed to be that all individual by-lines revert to the same level as in the current funding cycle with the
496 following exception:

- 497 1. Should an applicant's newly approved allocation be less than that of the current cycle, the applicant shall
498 receive the lower allocation.

499 **Section 11: Amendments**

500 Appendix A may be amended by a two-thirds (2/3) vote of the Student Assembly. In order to ensure consistency and
501 fairness to the applicants and student body at-large, no amendments to this appendix may be adopted during the fall
502 semester of a fee-setting year.

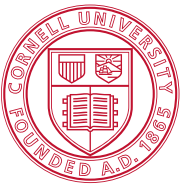

503 **Section 12: Review**

504 The SA and the GPSA and a representative of the President of the University shall review these guidelines and the
505 procedures established in accordance therewith at least every four years in a non-fee-setting year (e.g. 2014-2015,
506 2018-2019). This review shall be conducted with strict adherence to the guidelines set forth by the Board of Trustees
507 in Attachment A: Criteria for Setting and Allocating the Student Activity Fee (03/01/99).

508 **Section 13: Criteria for Setting and Allocating the Student Activity Fee from the**
509 **March 1, 1999 Delegation of Authority**

- 510 A. Pursuant to a letter dated March 1, 1999, the President of the University has delegated responsibility for the
511 setting and allocation of the Student Activity Fee to the Student Assembly (SA) and the Graduate &
512 Professional Student Assembly (GPSA) within the following guidelines:
- 513 B. The SA and the GPSA shall each amend their respective charters to include the criteria for the setting and
514 allocation of the Student Activity Fee, including the guidelines set forth herein and which criteria shall be
515 reviewed by and meet the approval of the President of the University.
- 516 C. The Student Activity Fee for undergraduate students and for graduate and professional students shall be set
517 every two years for a period of two years by the SA and the GPSA, respectively.
- 518 D. The amount of the Student Activity Fee shall be determined by the last day of classes in the fall semester of
519 the fee-setting year by the SA and the GPSA, after substantive input and active participation in the fee-setting
520 process by their constituencies. In the event the SA or the GPSA is unable to meet this deadline, the
521 applicable Student Activity Fee will default to the amount and allocation currently in effect during the fee-
522 setting year. The final report must be sent to the President of the University by the last day of finals of the fall
523 semester.
- 524 E. In general, in order to be considered for funding from the monies collected through the Student Activity Fee,
525 an organization must meet the following criteria:
- 526 i. Register as a student or university organization with the Student Activities Office
 - 527 ii. Allow students equal access to the services being provided by the organization or participation in the
528 organization's activities
 - 529 iii. Operate primarily for students by students with funds disbursed through a university operating
530 account
 - 531 iv. Have an advisor to assist with oversight of the university operating account.
- 532 F. Funding from the monies collected through the Student Activities Fee may be provided directly to an
533 organization, which applies for and receives "by-line" funding status, outside of the established Student
534 Activities Funding Commission or Graduate and Professional Student Activities Funding Commission
535 processes. In addition to the general criteria set out above, an organization wishing to receive by-line funding
536 must demonstrate:
- 537 i. Its activities are of direct and primary benefit to the entire Cornell community represented by the
538 respective assembly; and

- 539 ii. It has a demonstrated budgetary need equivalent to at least 50 cents per student per year.
- 540 G. The SA and the GPSA may also elect to provide by-line funding for other programs and services, which are
541 not registered organizations (e.g., Students Helping Students, club insurance) but whose organizational
542 structure and programs and services are consistent with the criteria outlined above for by-line funded
543 organizations. Such funding would require the approval of the respective assembly and the President of the
544 University.
- 545 H. The SA and the GPSA will ensure that an appropriate balance is maintained between funds allocated to by-
546 line funded organizations and the Student Activities Funding Commission or Graduate and Professional
547 Student Activities Funding Commission, respectively. The SA and GPSA shall allocate no less than 35% of
548 their respective Student Activity Fees to the applicable Finance Commission for disbursement among non-
549 by-line funded organizations.
- 550 I. The SA shall ensure that the Student Activity Fee is an even dollar amount without change. The SA shall be
551 permitted to increase the Student Activities Funding Commission's allocation above their request to reach an
552 even dollar amount.
- 553 J. Neither a check-off option nor an option to pay an amount in addition to the established Student Activity
554 Fee for specific programs or services will be allowed for purposes of exempting a student from paying the full
555 amount of the Student Activity Fee, due to the funding instability inherent in administering such a system.
556 Exceptions may be considered if recommended and approved by the respective assembly and approved by
557 the President of the University.
- 558 K. These guidelines and the procedures established in accordance therewith shall be reviewed by the SA and the
559 GPSA and a representative of the President of the University at least every four years in a non-fee-setting
560 year.

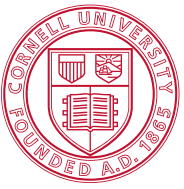

561 **APPENDIX B: STUDENT ASSEMBLY GUIDELINES FOR FUNDED** 562 **ORGANIZATIONS**

563 **Section 1: Preamble**

564 Each organization that receives funding from the Student Assembly (SA) through the Student Activity Fee (SAF) is
565 subject to Guidelines set by the Assembly in consultation with the Graduate & Professional Student Assembly
566 (GPSA), these organizations, and the Cornell student body.

567 **Section 2: Student Assembly's Role and Obligations**

569 effectively the interests and concerns of the student body.

571 Director(s) of Student Activities, Campus Life, the GPSA, and the Dean of Students with a current copy of

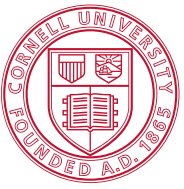

Cornell University Student Assembly

573 each year.
- 574 C. **Notice of Pending Legislation:** Each by-line funded organization, the Director(s) of Student Activities,
575 Campus Life, the GPSA, and the Dean of Students shall be notified of any SA, SA Appropriations
576 Committee, or other meeting in which legislation concerning or affecting Fee recipients is pending.
- 577 D. **Outreach:** The SA Vice-President for Finance shall, wherever possible and as often as possible, attend
578 meetings of each organization throughout the year.
- 579 E. **Enforcement, Violations & Penalties**
- 580 i. The SA Vice-President for Finance shall be charged with investigation of all accusations regarding
581 violations of these guidelines and will report such findings to the SA.
- 582 ii. If the SA determines that an organization has committed a violation, the SA may impose a fine,
583 reduction or revocation of the organization's by-line funding allocation. In order for a fine,
584 reduction, or revocation of funding to occur, a two-thirds majority of the SA must concur. Reasons
585 for a fine, reduction, or revocation of funding include, but are not limited to, violation of these rules,
586 violation of campus policies, or violation of contract. Any money garnered from a fine on an
587 organization shall be placed in the Special Projects Fund of the Student Assembly. If a reduction or
588 revocation of funding affecting the remainder of the funding cycle occurs, the University shall
589 attempt to reduce the SAF to reflect the lower amount. Excepting that, the money shall revert to the
590 Special Projects Fund.

591 Section 3: General Guidelines

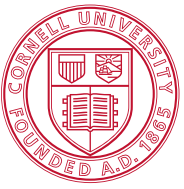

592 All recipients of the SAF shall adhere to the following guidelines:

- 593 A. **Eligibility:** SAF allocations are to be used primarily for the benefit of undergraduate students. Organizations

598 the SAF.
- 599 ii. Cornell students shall receive the first opportunity to purchase tickets or (otherwise should have a
600 substantial amount of tickets reserved for student use).
- 601 iii. The Appropriations Committee or the Executive Committee shall have the ability to request that
602 organizations publish a report to the SA on the amount of money received for an event, where that
603 money has been allocated, total attendance, and how much money was spent on the event.
- 604 C. **Attendance Tracking:** Each By-line Funded Organization shall, whenever possible, provide accurate
605 attendance figures. Such figures may be acquired through a number of measures including swiping Cornell
606 ID's, using a ticketing system, keeping a sign in sheet, or having someone at the door count entrants. For
607 events that are expected to exceed a capacity of 100 attendees, organizations are required to track attendance
608 through a ticketing system or using Cornell ID Scanners. For organizations unable to purchase their own

Cornell University Student Assembly

- 609 scanners, scanners will be available to rent through the Office of the Assemblies. For events where tracking
610 attendance would provide an unnecessary burden to organizations, a brief written statement explaining why
611 attendance was not taken is required.
- 612 D. **Public Promotion & Engagement:** Each organization shall regularly advertise its existence and encourage
613 student participation at its meetings, which shall be open to the public. Each organization funded by the SA
614 will be required to include the SA logo or the following statement on all fliers, posters, promotions, programs,
615 and literature “Funded in part by the Student Assembly”.
- 616 E. **Funds Partitioning:** SAF money will preferably be held in a separate University account for accounting and

618 accordance with its governing documents. These requirements apply to all organizations unless explicitly
619 exempted in this Appendix or waived by a two-thirds vote of both the Appropriations Committee and the
620 Student Assembly. The waiver shall apply for one by-line funding cycle.
- 621 F. **Prohibition on Compensation:** No Advisor, President, Treasurer, staff member, other officer, or member
622 of an organization may be compensated from an organization’s SAF account or SAF earned income account.
- 623 G. **SA Liaisons:** The SA shall have the option of appointing a Student Assembly member to serve as a non-
624 voting liaison to each organization or, where appropriate, to its Executive Board. If an organization feels their
625 liaison is failing in their duty, a new liaison may be appointed.
- 626 H. **Off-Year Reporting:** During the fall of even-numbered calendar years each organization shall provide the
627 Appropriations Committee with a written account of the use of its fee allocation and operations for the
628 previous academic year, ~~and an oral summary of its activities~~ and an optional oral summary of its activities
629 (unless mandated otherwise by the Appropriations Committee), including usage statistics and future
630 programming plans. The SA Vice President for Finance will conduct an unofficial vote regarding the
631 committee’s recommendation on whether or not the organization should receive an increase in funding, a
632 decrease in funding or maintenance of funding at its current level. The SA Vice President for Finance shall
633 then provide a written summary report of these meetings to the SA.
- 634 I. **New Organization Reporting:** Organizations receiving By-Line funding for the first time in the current
635 funding cycle shall report each semester to the Appropriations Committee on their operations and finances.
- 636 J. **Conferences:** Organizations may send Executive Board member(s) to one annual conference, if desired. The
637 Appropriations Committee must approve organization’s conference expenditures and each organization must
638 demonstrate to the committee that conference attendance will benefit the Organization’s ability to achieve its
639 mission statement. Organizations shall request approval in their annual fall report to the SA. All conferences,
640 teambuilding, banquet, training, and other social expenditures for organization members, in sum, shall be no

644 constitution, or other governing documents to the SA for its approval.
- 645 L. **Non-discrimination:**
- 646 M. **Non-discrimination:** All organizations receiving Student Activity Fee funds directly or that receive such
647 funds indirectly from a by-line funded organization shall not discriminate on the basis of actual or perceived
648 age, race, religion, creed color, national origin, ethnicity, sexual orientation, gender identity or expression,

661 restrictions may also make appropriate requirements on the basis of age.
662 ii. Organizations may also enforce uniform standards of conduct as a prerequisite for obtaining some or
663 all rights of general members and executive board members, respectively, so long as said standards
664 are protected by the 1st Amendment of the United States Constitution in the context of a public
665 university and do not impede enforcement of Appendix B, Section II, subsection E.
666 iii. Each organization receiving Student Activity Fee funds directly from the Student Assembly shall
667 include a “Non-discrimination Clause” section in its bylaws, constitution or other governing
668 documents reflecting this policy.
