

Organization	Class Councils
2016-2018 Allocation	\$2.20
2018-2020 Request	\$2.70
Appropriations Recommendation	\$2.35

Rationale of the Committee

The Appropriations Committee recommends funding Class Councils at \$2.35 for the 2018-2020 By-Line Funding Cycle. The Committee felt that Class Councils is a unique programming and leadership organization that offers many opportunities for members of each class to bond. We want to be clear, that while we are supporting an increase of funding to \$2.35, we hope that Class Councils works with the Student Assembly to bring down the costs of the “Class of” Awards program. Despite that, we support the Class Councils’ plan to increase programming aimed to support underrepresented students on campus and to promote diversity and inclusion. We believe that these initiatives should be funded in full, with funds freed up from lower spending on the “Class of” Awards combined with the Student Assembly’s increased funding. The Committee is excited to encourage more programming aimed at fostering a more inclusive environment on campus and we hope the Assembly joins us in our recommendation.

Finally, the Committee wants to note the tremendous care that Class Councils took in preparing their application and in addressing the concerns of previous iterations of the Committee. It is clear that Class Councils takes its work very seriously and we strongly support its general direction and we look forward to working closely with its members in the future.

Organization	Welcome Weekend Committee
2016-2018 Allocation	\$2.32
2018-2020 Request	\$2.77
Appropriations Recommendation	\$2.40

Rationale of the Committee

The Appropriations Committee recommends funding the Welcome Week Committee (WWC) at \$2.40 for the 2018-2020 By-Line Funding Cycle. The Committee felt that WWC provides a valuable serviced to the campus community by managing TGIF events and Club Fest. Additionally, we appreciate that after we met with WWC, they updated their request from \$2.77 to \$2.40. We specifically appreciate the diversity of different programs that WWC oversees and support them as they spend down their surplus in the coming years.

Organization	Orientation Steering Committee
2016-2018 Allocation	\$9.98
2018-2020 Request	\$11.53
Appropriations Recommendation	\$10.40

Rationale of the Committee

The Appropriations Committee recommends funding Orientation Steering Committee at \$10.40 for the 2018-2020 By-Line Funding Cycle. The Committee very much appreciates the tremendous work that OSC provides to the community and we full-heartedly believe that every Cornellian's experience is shaped in no small part by their orientation to the university. It is important for us to be able to provide the financial support that OSC requires to continue funding this essential service.

Nonetheless, we hope that OSC considers a few things as they move forward. Firstly, the Committee requests that they collect and submit detailed attendance data from their events, and we ask subsequent Committees to consider the furnishing of this information in future requests for funding. The Committee asks that OSC report the comprehensive results of their feedback survey so that we can review the results and encourage OSC to accommodate those recommendations into their future orientations. The Committee recommends that OSC reduce the costs of apparel and volunteer training. Finally, the Committee noted that transfers have very high attendance at OSC's events, and that the cost per head of events could be reduced if OSC focused more of its programming on transfers students.

All of these recommendations notwithstanding, we greatly appreciate the value OSC provides to the student body and we look forward to working closely with them in the near future.
