Type of Action: Recommendation

Originally Presented: 01/27/2022

Current Status: New Business

Whereas, the Executive Committee voted last semester to remove Representative Wade from the Student Assembly.

Whereas, Representative Wade was removed from the Student Assembly due to attendance concerns.

Whereas, the removal of Representative Wade should be reconsidered, as he maintains that most of his absences should have been excused.

Whereas, Section 5 of the Student Assembly Charter states that the Executive Committee can consider removing members who have obtained more than three absences.

Whereas, Section 6 of the Student Assembly Standing Rules outlines the process for challenging an Executive Committee's decision.

Whereas, the Standing Rules states that a challenge in the form of a resolution must be introduced.

Be it therefore resolved, the Student Assembly should accept this challenge to the Executive Committee's decision to remove Representative Wade from the Student Assembly.

Be it finally resolved, that Representative Wade be re-added to the Student Assembly as a voting member, effective immediately.

Respectfully Submitted,

Annette Gleiberman '22

Vice President of External Operations, Student Assembly
