ARTICLE I: NAME

The name of this organization shall be the Student Assembly of Cornell University (herein after referred to as the SA).

ARTICLE II: OBJECT

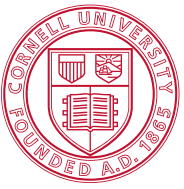

The object of this assembly shall be to effect more extensive involvement in campus governance in the undergraduate student body. This is accomplished by charging the assembly with the authority and the responsibility to examine any matters which involve the interests or concern the welfare of the student community and to make proposals concerning those issues to the appropriate officers or decision-making bodies of the University.

Finally, no proposal of the SA shall be altered in any way without the prior consent of the SA Executive Board or the SA. If approved by the SA Executive Board, the alteration must be made public at the next regularly scheduled meeting.

- A. The SA shall by majority vote have the authority to require at any time information directly from a department or a specific individual within that department concerning the budget, policies, or actions of said department. The request for this information shall be made in the form of legislation at a SA meeting.

28 Campus Life shall act unless otherwise directed by the President of the University, pursuant to Article 3,
29 Section 6.

51 Assembly Charter, of the SA will be reported by the SA President to the University President. The SA will
52 respond to any requests for information from the University President on its actions. The University
53 President may also request reconsideration of legislation proposed by the SA. Such a request must be filed
54 within thirty days of notification of the legislation. The SA will take action on such a request, and, if the
55 legislation is upheld, the SA will inform the University President. If the legislation is upheld and if the
56 University President still deems the action to be defective, the University President may veto the action of the
57 SA. The University President will review all actions of the SA that have been reported to him or her and
58 provide a written response to those actions within 30 days. The University President, when appropriate, may

- 61 B. Reporting to Other Bodies – The SA will report in writing its actions to the GPSA, Employee Assembly, and
62 the Faculty Senate, in conjunction with reporting of the actions to the President of the University. The
63 actions will be reported following each meeting by a SA member designated by the SA.
- 64 C. Annual Report - The SA will present an annual report at or after the last SA meeting of the spring term to the
65 President of the University and the student population. The report will include a summary of the SA’s work
66 during the preceding year and, in addition, describe any unresolved issues that are expected to arise in the
67 future. All members of the Cornell community will have access to this report. The report must be approved
68 by either a majority vote of the members present at the final meeting of the spring term or by a majority vote
69 of the voting membership of the Student Assembly electronically prior to being presented to the University
70 President.

71 **Section 4: Objection to Actions**

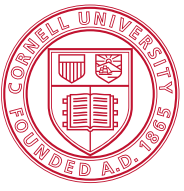

- 72 A. Objection of SA Actions by Another Assembly – Should another Assembly object to an action of the SA, at
73 its next business meeting, the SA will review the objection and either modify the original position to account
74 for the objections of the other constituency(ies) or will reaffirm the original action. The SA shall report to the
75 objecting body(ies) within five working days of reviewing the objection.
- 76 B. Objection by SA of another Assemblies Actions – If the SA determines by a two-thirds vote that the action
77 of another constituency body impacts its constituency, comparable procedures for the reconciliation of the
78 differences will be pursued.

79 **Section 5: University Calendar**

- 80 A. The Provost will consult with the SA in the formulation of the University Calendar. The SA may review and
81 ask for reconsideration of the calendar before it becomes final. In addition, the SA may propose changes in
82 the calendar to the Provost.
- 83 B. The Provost shall make the calendar available for comment at least thirty days before public announcement
84 of the final calendar.

85 **Section 6: Presidential Information**

86 The SA may request and obtain specific information from the President of the University regarding any subject which
87 it deems of general student concern. If such a request is made, and said information is not furnished, the University
88 President will report to the SA the reasons why said information cannot be furnished within two regularly scheduled
89 SA meetings following the denial of the request. The SA will not request information falling into the following
90 categories: salary or wage records of specific individuals, academic or financial records of specific individuals, medical
91 or categorical (race, sex, age, etc.) records of specific individuals and information otherwise defined as confidential or
92 restricted by law.

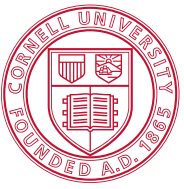

93 **Section 7: President’s Report**

94 The President of the University or his/her appointee will make a report in writing to the SA at the end of each
95 semester. This report will be due at the beginning of the last SA meeting of each semester. This report will include: 1)
96 the status of all policies and departments affected by campus governance legislation during the semester, 2) the status
97 of all SA legislative actions awaiting Presidential consideration, and 3) progress reports requested by the SA leadership
98 on any past legislative action(s).

99 **Section 8: Public Hearings, Forums, and Referenda**

- 100 A. The SA will have the authority and responsibility to conduct public hearings, forums, and referenda
101 concerning topics of current student interest, and to determine in other appropriate ways student needs and
102 opinions.
- 103 B. At two times during the course of the fall and spring semesters, a student or student group (referred to as the
104 “submitter”) may submit a referendum of any topic of current student interest to the Student Assembly
105 general body upon successful collection of support from at least 3-percent of the registered undergraduate
106 student body (submitters should plan to collect at least 450 undergraduate signatures) according to the
107 following procedure:
- 108 i. The referendum must contain a single or a series of referendum questions that are neutrally worded
109 and call for a yes/no response. Once the submitter has started gathering signatures, the question may
110 not be changed or modified in any way. Submitters must collect signatures (defined as a willfully
111 submitted record of first name, last name, and NetID) exclusively from registered undergraduate
112 students at Cornell University. Digital and print solicitation methods are permitted, provided that the
113 referendum question and sponsoring student or student organization are clearly visible. An electronic
114 form (ex, Google form) may be used to gather the names and NetIDs of students, but the final
115 submission must be on the appropriate form provided by the Office of the Assemblies.
 - 116 ii. The deadlines for submission of referendums will be a date to coincide with the deadlines of the
117 election materials for the Fall and for the Spring. All deadlines will be advertised through the SA
118 monthly newsletter as well as the other usual publicity instruments. Once a referendum question with
119 the appropriate number of signatures has been submitted, the SA general body will roll call vote by
120 simple majority whether to hold the referendum. The vote will also make the provision for two
121 collective community votes. If the SA votes by a margin of 80% or more of voting members to NOT
122 hold the referendum, the referendum is suspended. If the SA votes by simple majority but less than
123 80% of the vote to NOT hold the referendum, the submitter may overturn the decision of the SA by
124 collecting the signatures of at least 10-percent of the registered undergraduate student body using the
125 same method described in section A. 2. Once a referendum is approved or has gathered the support
126 of at least 10-percent of the registered undergraduate student body, the following timeline will be
127 observed:

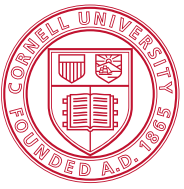

Cornell University Student Assembly

- 128 a. STATEMENT PERIOD. The Student Assembly Executive Vice President will put out a
129 call for pro or con statements regarding the referendum question. Any member of the
130 Cornell community may submit a statement. Each statement will be no longer than 300
131 words. The statements must pertain to the topic of the referendum question. The deadline
132 for pro or con statements will be seven (7) days from when the call was first made public.
133 b. PROMOTIONAL PERIOD. Once the seven-day statement period has ended, the Student
134 Assembly Vice President for Public Relations has a period of three (3) days to promote the
135 referendum question and any submitted statements. The Office of the Assemblies will
136 distribute via email to all registered undergraduate students the following: information on
137 when and how to vote in the referendum, the referendum question, and any pro or con
138 statements submitted.
139 c. VOTING PERIOD. The Office of the Assemblies will conduct the referendum on the next
140 business day following the conclusion of the promotional period. The voting period will be
141 exactly 36 hours. The Office of the Assemblies will display any pro or con statements
142 submitted during the statement period on the poll.
143 iii. The Office of the Assemblies will publicly release the results of the referendum within one business
144 day following the conclusion of the Voting Period, including the percentage of the undergraduate
145 population that voted.
146 iv. If a referendum has a majority of votes in favor of the submitter, then the President of the Student
147 Assembly will communicate the referendum question, a summary of each side of the argument, and
148 the results of the referendum to the Office of the President in the form of a referendum action.
149 v. The Office of the Assemblies will record and make publicly available all communication between the
150 President of the Student Assembly and the Office of the President.

151 **Section 9: Authority to Appoint Delegates, Committee Members and Liaisons**

- 152 A. Two members will be selected from and by the membership of the SA to serve as voting members of the UA
153 and to act as a liaison between the UA and the SA. Elections for the two SA voting members to the UA shall
154 be by separate secret ballots. Elections will be conducted using a single transferable vote system. The
155 President may not be one of the SA representatives to the UA. The remaining two undergraduate student
156 members of the UA shall be elected by the undergraduate student body at the time of SA's spring elections in
157 the same manner as SA voting members. Elected representatives to the UA shall serve for one calendar year,
158 taking office June 1st. Elected representatives to the UA shall serve for one calendar year, taking office June
159 1st. Should a seat on the UA be empty, the seat shall be declared vacant. Undergraduates may not hold a
160 directly elected seat in both the UA and the SA during the same term.
161 B. If at any time during the course of an academic year, a UA member elected directly from the undergraduate
162 student body should leave his office, then the seat shall be filled by the next highest-ranking non-winning
163 candidate. If there should not be a next highest-ranking non-winning candidate after the special election, the

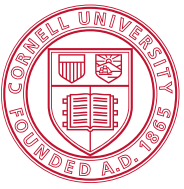

Cornell University Student Assembly

- 164 seat will be filled by the undesignated at-large candidate receiving the most number of votes in the preceding
165 spring election.
- 166 C. The SA will have the authority to appoint student members of the UA committees.
- 167 D. The SA will have the authority to appoint student members to be liaisons to departments and administrators
168 in the University.
- 169 i. During the process of committee appointments, the following two appointments must be made:
170 liaison to the Athletic Department and liaison to the Dean of Faculty. The liaison positions shall have
171 the responsibility of increasing the communication between the SA and the respective University
172 departments.
- 173 ii. At the time that committee appointments are made, the SA will appoint one member to serve as
174 Liaison to the Provost. The student will interact and work directly with the Provost on issues that
175 affect and concern students on a regular basis during the member's term of office.
- 176 iii. At the time that committee appointments are made, the SA will appoint at least one undergraduate
177 student to serve as liaison to the Student Health Fee Advisory Committee. The liaison will be a
178 voting member of the Committee.
- 179 iv. At the time that committee appointments are made, the SA will appoint one undergraduate student
180 to serve as Liaison to the Student Health Plan Advisory Committee. The liaison will be a voting
181 member of the Committee.

182 **ARTICLE IV: MEMBERSHIP**

183 **Section 1: Composition**

- 184 A. General Composition – The SA will consist of ~~28-29~~ voting members who are registered undergraduate
185 students at Cornell University. Up to two additional votes shall be allocated to the entire community of

201 Generation College students; and one at-large seat is to be reserved for candidates seeking to represent the
202 Lesbian, Gay, Bisexual, Transgender, ~~Queer~~ Intersex, Asexual, Genderqueer, Pansexual, Questioning, Two-
203 Spirit, and etc. community. The two remaining non-constituent, undesignated at-large seats are to be
204 contested by candidates running for President and Executive Vice President and by non-constituent,
205 undesignated at-large group candidates not running for President or Executive Vice President. Five seats shall
206 be elected by and from new students entering in the fall. Should there be no candidate running for a given
207 seat, the seat shall be considered vacant.
- 208 B. Ex-officio Membership – All undergraduate members of the Cornell student body are considered non-voting
209 members of the SA, and are encouraged to attend and participate in meetings. The SA may designate ex-
210 officio membership to any member of the Cornell Community as deemed necessary for the operation of the
211 Student Assembly
- 212 C. Specification of New Student Seats – Four new student seats shall be elected and held by new students
213 entering in the fall semester. One additional seat shall be designated the Transfer Seat and shall be elected by
214 incoming transfer students and held by a transfer student who has entered the university that fall.
- 215 D. Qualifications for Voting Membership - SA members elected from the various colleges and schools must be
216 registered students in their respective colleges and schools by the beginning of the fall term of the academic
217 year for which they were elected. SA members must resign their position if they cease to be a registered, full-
218 time undergraduate student in their respective college. SA members elected at-large must be registered
219 students at Cornell by the beginning of the fall term of the academic year for which they were elected. SA
220 members must resign their position if they plan to be away from the Ithaca campus for an extended period of
221 time (i.e. a semester). Any SA member who vacates their current seat after being elected or re-elected to a
222 position will forfeit their new seat. The forfeited position will devolve to the next runner up, and should there
223 be no runner-up the seat will be re-run in the fall elections.

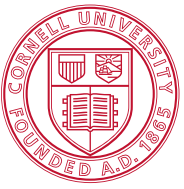

224 Section 2: Election of Voting Members

225 The President, Executive Vice President, and other Undesignated at Large representatives will be elected by a single
226 transferable voting system. Voters may rank all candidates on the ballot for each of these races. All other
227 representatives shall be elected by a plurality voting system. Voters will cast one vote per available seat, (e.g. if three
228 Arts and Sciences representatives are to be elected, the voter will vote for three candidates).

229 Section 3: Terms

230 All elected members are elected to a term, ending on June 1st, with no limit as to the number of terms they may serve.
231 Prior to being seated at the beginning of their term, each member shall take the oath of office. and shall be bound to
232 that oath for the duration of their term.

233 Section 4: Advisor

234 The University President will appoint one member of the administration to serve as consultant to the SA at its
235 meetings.

236 **Section 5: Absentees**

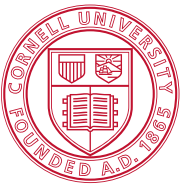

237 Any voting members who are absent for three regularly scheduled meetings cumulatively during their term will have
238 their position vacated. At the discretion of the Executive Committee, a member will not be counted as if they were
239 absent for an interview for a job, graduate school, or scholarship; if they were attending a required academic event for
240 which accommodations could not be made; if they were representing the Student Assembly in an official capacity; if
241 they were tending to a family emergency; if they are observing a religious holiday; or if they were under the care of a
242 physician. The Executive Committee will review each circumstance individually and will determine a decision within 7
243 days of the request. Executive Committee may avert such a vacancy by a two-thirds (2/3) vote of seated voting
244 members of the Executive Committee. The vote would be conducted by secret ballot. The Executive Committee
245 should consider the reasoning for past absences, the likelihood of future absences, and the representative's
246 supplemental actions to represent their respective constituency in making their decision. The same action must be
247 taken if the Executive Committee wishes to avert a vacancy whenever the three cumulative absences mark is
248 exceeded. The Director of Elections will serve as Chair for these meetings.

249 **Section 6: Vacancies**

250 All vacancies will be filled by seating the highest ranked non-winning candidate in the last election from the same
251 constituency. If the highest ranked non-winning candidate declines, the seat will be offered to the next highest ranked
252 non-winning candidate. If this procedure has been followed and the seat still remains vacant, the SA will solicit
253 candidates from the unrepresented constituency during the first two weeks of the academic term immediately
254 following the declaration of vacancy. If there is more than one candidate, an election will be held within the
255 appropriate constituency, and the winner will be seated. If there is only one candidate, he or she will be seated
256 immediately. If there are no candidates for a particular vacant seat, such seat will be labeled Undesignated and filled by
257 the runner-up in the Undesignated At-Large election. At the time for the next election, such seat will return to its
258 previous designation. Vacant seats shall not figure into quorums or vote counts; only filled seats may. SA members
259 who are college representatives and who leave their college will vacate their seats. Should a seat remain vacant or be
260 vacated following the special election and there are no non-winning candidates from that constituency to fill the
261 position, it shall be filled by the undesignated at-large candidate receiving the most number of votes in the preceding
262 spring election. Should an undergraduate seat on the UA remain vacant after following these procedures, the SA may
263 appoint an individual to assume the UA seat.

264 **Section 7: Recalling of Voting Members**

265 A. If a voting SA member is to be recalled, they may be recalled either through their constituency or through the
266 SA. To be recalled through a member's respective constituency each of the following procedures must be

- 464 B. Members of the Assembly and of the Appropriations Committee must sign a confidentiality statement and
465 submit it to the Office of the Assemblies before they are seated in the fall semester of a fee-setting year.

466 Section 6: “Check-off” or “Pay-extra” Options

467 Neither a check-off option nor an option to pay an amount in addition to the established SAF for specific programs
468 or services will be allowed for purposes of exempting a student from paying the full amount of the SAF. Exceptions
469 may be considered if recommended and approved by the Student Assembly and approved by the President of the
470 University.

471 Section 7: Voting

472 Proxy votes shall not be permitted for decisions of the Student Assembly regarding the SAF during the SAF allocation
473 process. The Student Assembly must approve the appropriations committee decisions by a majority of Student
474 Assembly members present at the meeting and can overturn an appropriations committee decision by a two-thirds
475 (2/3) vote of Student Assembly members present at the meeting. If the Student Assembly overturns a decision of the
476 appropriations committee, the Student Assembly must decide Activity Fee funding for that organization by a majority

477 of the Student Assembly members present at the meeting. After all appropriations committee decisions have been
478 approved or overturned, the Student Assembly must approve the SAF by a majority of the voting membership of the
479 Student Assembly

480 **Section 8: Freedom of Information**

481 Unless otherwise noted, all documents regarding the SAF shall be considered public and shall be available to members
482 of the Cornell community for review within 24 hours of their request. All deliberations regarding allocations and
483 authorization shall be conducted in open session unless otherwise required by university policy or law. If a closed
484 session is necessary to review or discuss confidential materials, discussion in such session must be limited only to
485 those materials and no vote may be taken regarding the disposition of the request itself. Confidential materials may be
486 disclosed publicly only at the discretion of authorized university personnel.

487 **Section 9: Conference with GPSA**

488 If a disparity arises in funding levels between the GPSA and SA of an organization that is funded by both, the
489 financial officers of each body will meet to discuss the discrepancy and recommend action to their respective bodies.

490 **Section 10: Default**

491 If the Assembly does not adopt a recommendation in the fall semester of a fee setting year, its recommendation shall
492 be presumed to be that all individual by-lines revert to the same level as in the current funding cycle with the
493 following exception:

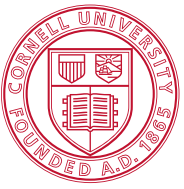

- 494 1. Should an applicant's newly approved allocation be less than that of the current cycle, the applicant shall
495 receive the lower allocation.

496 **Section 11: Amendments**

497 Appendix A may be amended by a two-thirds (2/3) vote of the Student Assembly. In order to ensure consistency and
498 fairness to the applicants and student body at-large, no amendments to this appendix may be adopted during the fall
499 semester of a fee-setting year.

500 **Section 12: Review**

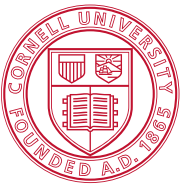

501 The SA and the GPSA and a representative of the President of the University shall review these guidelines and the
502 procedures established in accordance therewith at least every four years in a non-fee-setting year (e.g. 2014-2015,
503 2018-2019). This review shall be conducted with strict adherence to the guidelines set forth by the Board of Trustees
504 in Attachment A: Criteria for Setting and Allocating the Student Activity Fee (03/01/99).

Cornell University Student Assembly

505 **Section 13: Criteria for Setting and Allocating the Student Activity Fee from the** 506 **March 1, 1999 Delegation of Authority**

- 507 A. Pursuant to a letter dated March 1, 1999, the President of the University has delegated responsibility for the
508 setting and allocation of the Student Activity Fee to the Student Assembly (SA) and the Graduate &
509 Professional Student Assembly (GPSA) within the following guidelines:
- 510 B. The SA and the GPSA shall each amend their respective charters to include the criteria for the setting and
511 allocation of the Student Activity Fee, including the guidelines set forth herein and which criteria shall be
512 reviewed by and meet the approval of the President of the University.
- 513 C. The Student Activity Fee for undergraduate students and for graduate and professional students shall be set
514 every two years for a period of two years by the SA and the GPSA, respectively.
- 515 D. The amount of the Student Activity Fee shall be determined by the last day of classes in the fall semester of
516 the fee-setting year by the SA and the GPSA, after substantive input and active participation in the fee-setting
517 process by their constituencies. In the event the SA or the GPSA is unable to meet this deadline, the
518 applicable Student Activity Fee will default to the amount and allocation currently in effect during the fee-
519 setting year. The final report must be sent to the President of the University by the last day of finals of the fall
520 semester.
- 521 E. In general, in order to be considered for funding from the monies collected through the Student Activity Fee,
522 an organization must meet the following criteria:
- 523 i. Register as a student or university organization with the Student Activities Office
 - 524 ii. Allow students equal access to the services being provided by the organization or participation in the
525 organization's activities
 - 526 iii. Operate primarily for students by students with funds disbursed through a university operating
527 account
 - 528 iv. Have an advisor to assist with oversight of the university operating account.
- 529 F. Funding from the monies collected through the Student Activities Fee may be provided directly to an
530 organization, which applies for and receives "by-line" funding status, outside of the established Student
531 Activities Funding Commission or Graduate and Professional Student Activities Funding Commission
532 processes. In addition to the general criteria set out above, an organization wishing to receive by-line funding
533 must demonstrate:
- 534 i. Its activities are of direct and primary benefit to the entire Cornell community represented by the
535 respective assembly; and
 - 536 ii. It has a demonstrated budgetary need equivalent to at least 50 cents per student per year.
- 537 G. The SA and the GPSA may also elect to provide by-line funding for other programs and services, which are
538 not registered organizations (e.g., Students Helping Students, club insurance) but whose organizational
539 structure and programs and services are consistent with the criteria outlined above for by-line funded
540 organizations. Such funding would require the approval of the respective assembly and the President of the
541 University.

Cornell University Student Assembly

- 542 H. The SA and the GPSA will ensure that an appropriate balance is maintained between funds allocated to by-
543 line funded organizations and the Student Activities Funding Commission or Graduate and Professional
544 Student Activities Funding Commission, respectively. The SA and GPSA shall allocate no less than 35% of
545 their respective Student Activity Fees to the applicable Finance Commission for disbursement among non-
546 by-line funded organizations.
- 547 I. The SA shall ensure that the Student Activity Fee is an even dollar amount without change. The SA shall be
548 permitted to increase the Student Activities Funding Commission's allocation above their request to reach an
549 even dollar amount.
- 550 J. Neither a check-off option nor an option to pay an amount in addition to the established Student Activity
551 Fee for specific programs or services will be allowed for purposes of exempting a student from paying the full
552 amount of the Student Activity Fee, due to the funding instability inherent in administering such a system.
553 Exceptions may be considered if recommended and approved by the respective assembly and approved by
554 the President of the University.
- 555 K. These guidelines and the procedures established in accordance therewith shall be reviewed by the SA and the
556 GPSA and a representative of the President of the University at least every four years in a non-fee-setting
557 year.

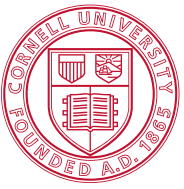

558 **APPENDIX B: STUDENT ASSEMBLY GUIDELINES FOR FUNDED** 559 **ORGANIZATIONS**

560 **Section 1: Preamble**

561 Each organization that receives funding from the Student Assembly (SA) through the Student Activity Fee (SAF) is
562 subject to Guidelines set by the Assembly in consultation with the Graduate & Professional Student Assembly
563 (GPSA), these organizations, and the Cornell student body.

564 **Section 2: Student Assembly's Role and Obligations**

566 effectively the interests and concerns of the student body.
- 567 B. **Notice of Current Governing Documents:** The SA shall provide each by-line funded organization, the
568 Director(s) of Student Activities, Campus Life, the GPSA, and the Dean of Students with a current copy of
569 these Guidelines, as well as the SA Charter and the SA Appropriations Committee Charge and Guidelines
570 each year.

Student Assembly

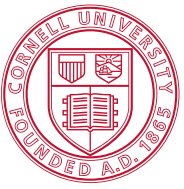

576 E. **Enforcement, Violations & Penalties**

- 577 i. The SA Vice-President for Finance shall be charged with investigation of all accusations regarding
578 violations of these guidelines and will report such findings to the SA.
- 579 ii. If the SA determines that an organization has committed a violation, the SA may impose a fine,
580 reduction or revocation of the organization's by-line funding allocation. In order for a fine,
581 reduction, or revocation of funding to occur, a two-thirds majority of the SA must concur. Reasons
582 for a fine, reduction, or revocation of funding include, but are not limited to, violation of these rules,
583 violation of campus policies, or violation of contract. Any money garnered from a fine on an
584 organization shall be placed in the Special Projects Fund of the Student Assembly. If a reduction or
585 revocation of funding affecting the remainder of the funding cycle occurs, the University shall
586 attempt to reduce the SAF to reflect the lower amount. Excepting that, the money shall revert to the
587 Special Projects Fund.

588 **Section 3: General Guidelines**

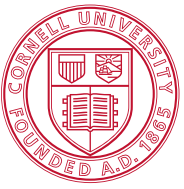

589 All recipients of the SAF shall adhere to the following guidelines:

- 590 A. **Eligibility:** SAF allocations are to be used primarily for the benefit of undergraduate students. Organizations
591 that have the capability to be student run and led shall be primarily student run and led.

593 admission is charged:
- 594 i. Cornell students shall receive a reasonable discount per event to reflect their prior contribution via
595 the SAF.
- 596 ii. Cornell students shall receive the first opportunity to purchase tickets or (otherwise should have a
597 substantial amount of tickets reserved for student use).
- 598 iii. The Appropriations Committee or the Executive Committee shall have the ability to request that
599 organizations publish a report to the SA on the amount of money received for an event, where that
600 money has been allocated, total attendance, and how much money was spent on the event.
- 601 C. **Attendance Tracking:** Each By-line Funded Organization shall, whenever possible, provide accurate
602 attendance figures. Such figures may be acquired through a number of measures including swiping Cornell
603 ID's, using a ticketing system, keeping a sign in sheet, or having someone at the door count entrants. For
604 events that are expected to exceed a capacity of 100 attendees, organizations are required to track attendance
605 through a ticketing system or using Cornell ID Scanners. For organizations unable to purchase their own
606 scanners, scanners will be available to rent through the Office of the Assemblies. For events where tracking
607 attendance would provide an unnecessary burden to organizations, a brief written statement explaining why
608 attendance was not taken is required.
- 609 D. **Public Promotion & Engagement:** Each organization shall regularly advertise its existence and encourage
610 student participation at its meetings, which shall be open to the public. Each organization funded by the SA
611 will be required to include the SA logo or the following statement on all fliers, posters, promotions, programs,
612 and literature "Funded in part by the Student Assembly".

Cornell University Student Assembly

- 613 E. **Funds Partitioning:** SAF money will preferably be held in a separate University account for accounting and
614 reporting purposes. Otherwise all expenditures from SAF money shall be authorized by the Organization in
615 accordance with its governing documents. These requirements apply to all organizations unless explicitly
616 exempted in this Appendix or waived by a two-thirds vote of both the Appropriations Committee and the
617 Student Assembly. The waiver shall apply for one by-line funding cycle.
- 618 F. **Prohibition on Compensation:** No Advisor, President, Treasurer, staff member, other officer, or member
619 of an organization may be compensated from an organization's SAF account or SAF earned income account.
- 620 G. **SA Liaisons:** The SA shall have the option of appointing a Student Assembly member to serve as a non-
621 voting liaison to each organization or, where appropriate, to its Executive Board. If an organization feels their
622 liaison is failing in their duty, a new liaison may be appointed.
- 623 H. **Off-Year Reporting:** During the fall of even-numbered calendar years each organization shall provide the
624 Appropriations Committee with a written account of the use of its fee allocation and operations for the
625 previous academic year, and an oral summary of its activities, including usage statistics and future
626 programming plans. The SA Vice President for Finance will conduct an unofficial vote regarding the
627 committee's recommendation on whether or not the organization should receive an increase in funding, a
628 decrease in funding or maintenance of funding at its current level. The SA Vice President for Finance shall
629 then provide a written summary report of these meetings to the SA.

631 funding cycle shall report each semester to the Appropriations Committee on their operations and finances.
- 632 J. **Conferences:** Organizations may send Executive Board member(s) to one annual conference, if desired. The
633 Appropriations Committee must approve organization's conference expenditures and each organization must
634 demonstrate to the committee that conference attendance will benefit the Organization's ability to achieve its
635 mission statement. Organizations shall request approval in their annual fall report to the SA. All conferences,
636 teambuilding, banquet, training, and other social expenditures for organization members, in sum, shall be no

643 funds indirectly from a by-line funded organization shall not discriminate on the basis of actual or perceived
644 age, race, religion, creed color, national origin, ethnicity, sexual orientation, gender identity or expression,
645 military status, sex, disability, predisposing genetic characteristics, familial status, marital status, domestic
646 violence victim status, or any combination of these factors when determining its membership and when
647 determining the equal rights of all general members and executive board members, respectively, which shall
648 include, but are not limited to, voting for, seeking, and holding positions within the organization.
649 Additionally, all organizations receiving funding from the Student Activity Fee and that serve as a funding
